LONG DISTANCE SERVICES THROUGHOUT THE	)	
STATE OF KENTUCKY	)	

O R D E R

On January 13, 1995, Intercom, Inc. ("Intercom") filed an application with the Commission seeking a Certificate of Public Convenience and Necessity to resell intrastate long-distance telecommunications services within the Commonwealth of Kentucky. On March 14, 1995, Intercom filed its response to the Commission's March 10, 1995 Order requesting additional information.

Intercom is a Kentucky corporation with its principal offices in the Commonwealth of Kentucky and intends to resell tariffed services of facilities-based carriers certified by this Commission. Intercom does not request authority to provide operator-assisted telecommunications services.

Intercom does not own or operate, nor does it intend to construct, any telecommunications transmission facilities within the Commonwealth of Kentucky. All intrastate telecommunications transmission services will be provided by an underlying carrier certified by this Commission.

The application provided by Intercom demonstrates its financial, managerial, and technical capability to provide utility

service. The Commission finds that Intercom should be authorized to resell intrastate long-distance telecommunications services within the Commonwealth of Kentucky.

Intercom filed its proposed tariff on January 13, 1995. In response to the Commission's request for additional information, Intercom filed revised tariff sheets on March 14, 1995. The Commission finds that the rates proposed by Intercom, as revised on March 14, 1995, should be approved as the fair, just, and reasonable rates to be charged.

In Administrative Case No. 306<sup>1</sup> the Commission stated the importance of eliminating possible customer confusion arising from the name of the billing service, rather than the name of the provider of telecommunications services, appearing on the bill. Accordingly, Intercom should ensure that its name appears prominently on all bills issued to customers for services rendered.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Intercom be and it hereby is granted authority to resell intrastate long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

<sup>1</sup> Administrative Case No. 306, Detariffing Billing and Collection Services, Order Dated April 30, 1990.

2. Intercom's authority to provide service is strictly limited to those services described in this Order and Intercom's application.

3. Intercom shall ensure that its name appears prominently on all bills issued to customers for services rendered.

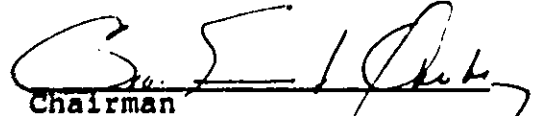

4. IntraLATA services shall be provided in accordance with the restrictions and conditions of service contained in Administrative Case No. 323.<sup>2</sup>

5. The rates proposed by Intercom on January 13, 1995, as revised on March 14, 1995, are hereby approved.

6. Within 30 days from the date of this Order, Intercom shall file, pursuant to 807 KAR 5:011, its January 13, 1995 tariff sheets, as revised on March 14, 1995, without modifications and which conform to the restrictions and conditions of service contained herein.

Done at Frankfort, Kentucky, this 13th day of April, 1995.
