

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

HENDERSON COUNTY WATER DISTRICT)
)
)
 _____) CASE NO. 95-128
ALLEGED VIOLATIONS OF COMMISSION)
REGULATION 807 KAR 5:006)

Q R D E R

On May 10, 1995, Henderson County Water District ("Henderson") filed its response to the Commission's show cause order. Henderson's response included the following requests, which the Commission treats as motions for a determination by the Commission that: 1) the three deficiencies noted in the Utility Inspection Report submitted September 29, 1994 have been corrected and that Henderson is now in compliance with respect to inspection procedures, 2) the May 31, 1995 hearing is not necessary and should be canceled, 3) the May 17, 1995 informal conference, originally requested by Henderson, is now unnecessary and shall not be held and 4) a penalty prescribed by KRS 278.990(1) not be imposed on Henderson. In support of its motion, Henderson has submitted the following documents as Exhibits A, B, and C, respectively with its response of May 10, 1995: Inspection Procedures, Customer Inquiry and Inspection Report Forms.

Having reviewed Henderson's response and being otherwise sufficiently advised, the Commission finds that Henderson's motion for cancellation of the informal conference, originally scheduled

for May 17, 1995, should be granted. The Commission also finds that the outstanding issues that would have been addressed at an informal conference have been addressed in telephone conversations between Commission Staff and Frank N. King, Jr., Henderson's attorney. As a result of understandings reached during those conversations, negotiation between Commission Staff and Henderson has begun to resolve the matter of Henderson's alleged violations of Commission Regulation 807 KAR 5:006.

IT IS THEREFORE ORDERED that the hearing scheduled for May 31, 1995 be and it hereby is postponed.

Done at Frankfort, Kentucky, this 26th day of May, 1995.

PUBLIC SERVICE COMMISSION
