Owen shall furnish with each response the name of the witness who will be available to respond to questions concerning each item of information requested should a public hearing be scheduled.

1. In section 5 on page 2 of Owen's Answer, Owen states that it has attempted to estimate the three months of electric usage missing from the Complainants' actual usage history for the twelve month period in question. By what process or on what basis did Owen make these estimates?

2. Do the billed amounts reflect the actual bills as rendered, or have recalculations been made to reflect the rate reduction that went into effect January 1995?
