

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF KENTUCKY RSA #3, INC. FOR A )	
CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY )	CASE NO.
TO CONSTRUCT A CELL SITE LOCATED AT 360C STOKES )	95-170
ROAD, NORTH OF ELKTON, TODD COUNTY, KENTUCKY )	

O R D E R

On April 21, 1995, Kentucky RSA #3, Inc. filed an application seeking a Certificate of Public Convenience and Necessity to build and operate a cellular radio telecommunications system for Rural Service Area No. 3 ("RSA No. 3"). RSA No. 3 includes Allen, Breckinridge, Butler, Edmonson, Grayson, Hancock, Logan, McLean, Meade, Muhlenberg, Ohio, Simpson, Todd and Warren counties. Kentucky RSA #3, Inc. has requested authorization to construct a cell site in Todd County. Kentucky RSA #3, Inc. was previously granted authority to operate a cellular radio telecommunications system in RSA No. 3 in Case No. 93-118.<sup>1</sup>

The proposed cell site consists of a 180-foot or less self-supporting antenna tower to be located at 360C Stokes Road, approximately two miles north of Elkton, Todd County, Kentucky

---

<sup>1</sup> Case No. 93-118, The Joint Application of Telephone and Data Systems, Inc., United States Cellular Corporation and Tsaconas Cellular, Inc. For Approval of the Acquisition of Tsaconas Cellular, Inc. by Telephone and Data Systems, Inc. and the Transfer to United States Cellular Corporation.

("the Elkton cell site"). The coordinates for the Elkton cell site are North Latitude 36° 50' 27" by West Longitude 87° 07' 57".

Kentucky RSA #3, Inc. has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the Elkton cell site. Based upon the application, the design of the tower and foundation appears to meet the criteria of the Building Officials and Code Administrators International National Building Code with reference to earthquakes, winds, and tornadoes.

Pursuant to KRS 100.324(1), the Elkton cell site's construction is exempt from local zoning ordinances; however, Kentucky RSA #3, Inc. notified the Todd County Judge/Executive of the pending construction. Kentucky RSA #3, Inc. has filed applications with the Federal Aviation Administration ("FAA") and the Kentucky Airport Zoning Commission ("KAZC") seeking approval for the construction and operation of the Elkton cell site. Both applications are still pending.

Kentucky RSA #3, Inc. has filed notices verifying that each person who owns property or who resides within 500 feet of the Elkton cell site has been notified of the pending construction. The notice solicited any comments and informed the property owners or residents of their right to intervene. To date, no intervention requests have been received.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility

subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, Kentucky RSA #3, Inc. should notify the Commission if it does not use this antenna tower to provide cellular radio telecommunications services in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by Kentucky RSA #3, Inc.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that Kentucky RSA #3, Inc. should be granted a Certificate of Public Convenience and Necessity to construct and operate the Elkton cell site in RSA No. 3 under its previously approved tariff.

IT IS THEREFORE ORDERED that:

1. Kentucky RSA #3, Inc. be and it hereby is granted a Certificate of Public Convenience and Necessity to construct and operate the Elkton cell site.

2. Kentucky RSA #3, Inc. shall file a copy of the final decisions regarding the pending FAA and KAZC applications for this cell site construction within 10 days of receiving these decisions.

3. Kentucky RSA #3, Inc. shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 16th day of June, 1995.
