

BEFORE THE PUBLIC SERVICE COMMISSION

CASE NO. 95-428

On November 7, 1995, the Commission was informed by letter from Fleming Water that a meter had been installed at the Rigdon property on October 26, 1995. Fleming Water further informed the Commission that the water line serving the Rigdon property was part of an ongoing construction project being built by R. E. Huber Construction Company. Commission Staff subsequently sent a letter

to Ms. Rigdon inquiring whether Fleming Water had satisfied her complaint. Simultaneously, the Commission received a letter from Ms. Rigdon stating that she had water, but expressing her continued concern regarding "clean up of the ditches, culverts, etc."

IT IS ORDERED that Fleming Water shall file the original and six copies of the following information with the Commission with a copy to all parties of record no later than fifteen days from the date of this Order. Fleming Water shall furnish with each response the name of the witness who will be available to respond to questions concerning each item of information requested should a public hearing be scheduled.

1. When does Fleming Water expect the damage on Beechy Creek Road and the Rigdon property caused by the water line construction to be repaired?

2. Does Fleming Water have an agreement with R. E. Huber Construction Company regarding these repairs?

3. Who is responsible for such repairs?

Done at Frankfort, Kentucky, this 13th day of December, 1995.
