By letter received March 27, 1996, Mountain Water District requested the Commission's assistance in conducting a financial review. Specifically, the district requests the Commission conduct a rate study to enable the district to achieve financial stability and provide economical and efficient service to its customers.

A hearing was conducted in that case on March 18-19, 1996. Testimony at the hearing indicated Mountain is expected to record a net loss for 1995 of (\$780,000).<sup>2</sup>

Based upon the foregoing the Commission finds that an investigation of Mountain's operations should be initiated. This
