6/22/96

Dear Mr. Mills,

I am a neighboring property owner to Gordon T. McMurry (11208 Covered Bridge Rd Prospect, KY) on who's property there is a current proposal to erect a Sprint tower (Case # 96-227).

Myself, along with several other property owners are deeply concerned about the construction of this tower and the impact it will have on this historic and environmentally sensitive area. I am therefore writing this letter to serve as official notice of my concerns and objections to this project, and I hereby request a public hearing to discuss this matter before moving forward on construction.

Your immediate attention and response to this request would be appreciated. You can contact me at the following address:

Kent Kalmey

Re: *Case No. 96-227*

Dear Mr. Mills:

As an attorney and as Secretary/Treasurer of Charlynn, Inc., a Kentucky corporation, owner of property within a 500 foot radius of the proposed lattice tower, this letter is addressed to notice opposition to the construction of this tower.

Not only will the construction be aesthetically objectionable, but such construction would represent both a commercial intrusion and a commercial land use in a rural-residential area. I am also advised by the owner of the Shively property, adjacent to the property upon which the proposed tower would be constructed, that there exists no public road access to the projected site, nor are there any dedicated useable easements which would afford a corridor to run power/utility lines to the site, if necessary. Finally, the construction of the tower could represent an "attractive hazardous nuisance" by attracting persons onto the property and onto adjacent properties.

Executive Director's Office
Public Service Commission of Kentucky
Re: *Case No. 96-227*

Page Two of Two

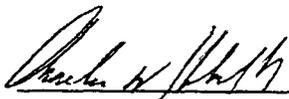

For the foregoing reasons, as an adjacent property owner, I respectfully request:

- (i) That a Hearing be set in this matter;
- (ii) That the application for construction be denied; and
- (iii) That the proposed construction be referred to an appropriate, and commercially zoned, area.

Thank you for your prompt consideration of this matter.

Sincerely,

HEBEL & HORNING, P.S.C.

Re: Public Notice - Public Service Commission of Kentucky,
Case No. 96-227

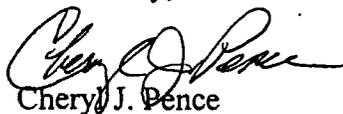

Dear Sir or Madam:

WirelessCo., L.P., doing business in Kentucky as Sprint Spectrum, has applied to the Public Service Commission (the "Commission") of Kentucky for a Certificate of Public Convenience and Necessity to construct and operate a new Public Communications Services ("PCS") facility to provide personal wireless telephone and data services. Over fifty percent of Sprint Spectrum's proposed new facilities will be located on existing structures (ie., rooftops and water tanks). Unfortunately, no such appropriate and available structure exists in this area. Therefore, the proposed new facility will include a lattice tower, with attached antennas extending upward for a total height of 265', and an equipment shelter to be located at 11208 Covered Bridge Road, Prospect, Kentucky. A map showing the location of the proposed new PCS facility is enclosed. This notice is being sent to you because you own property or reside within a 500' radius of the proposed lattice tower.

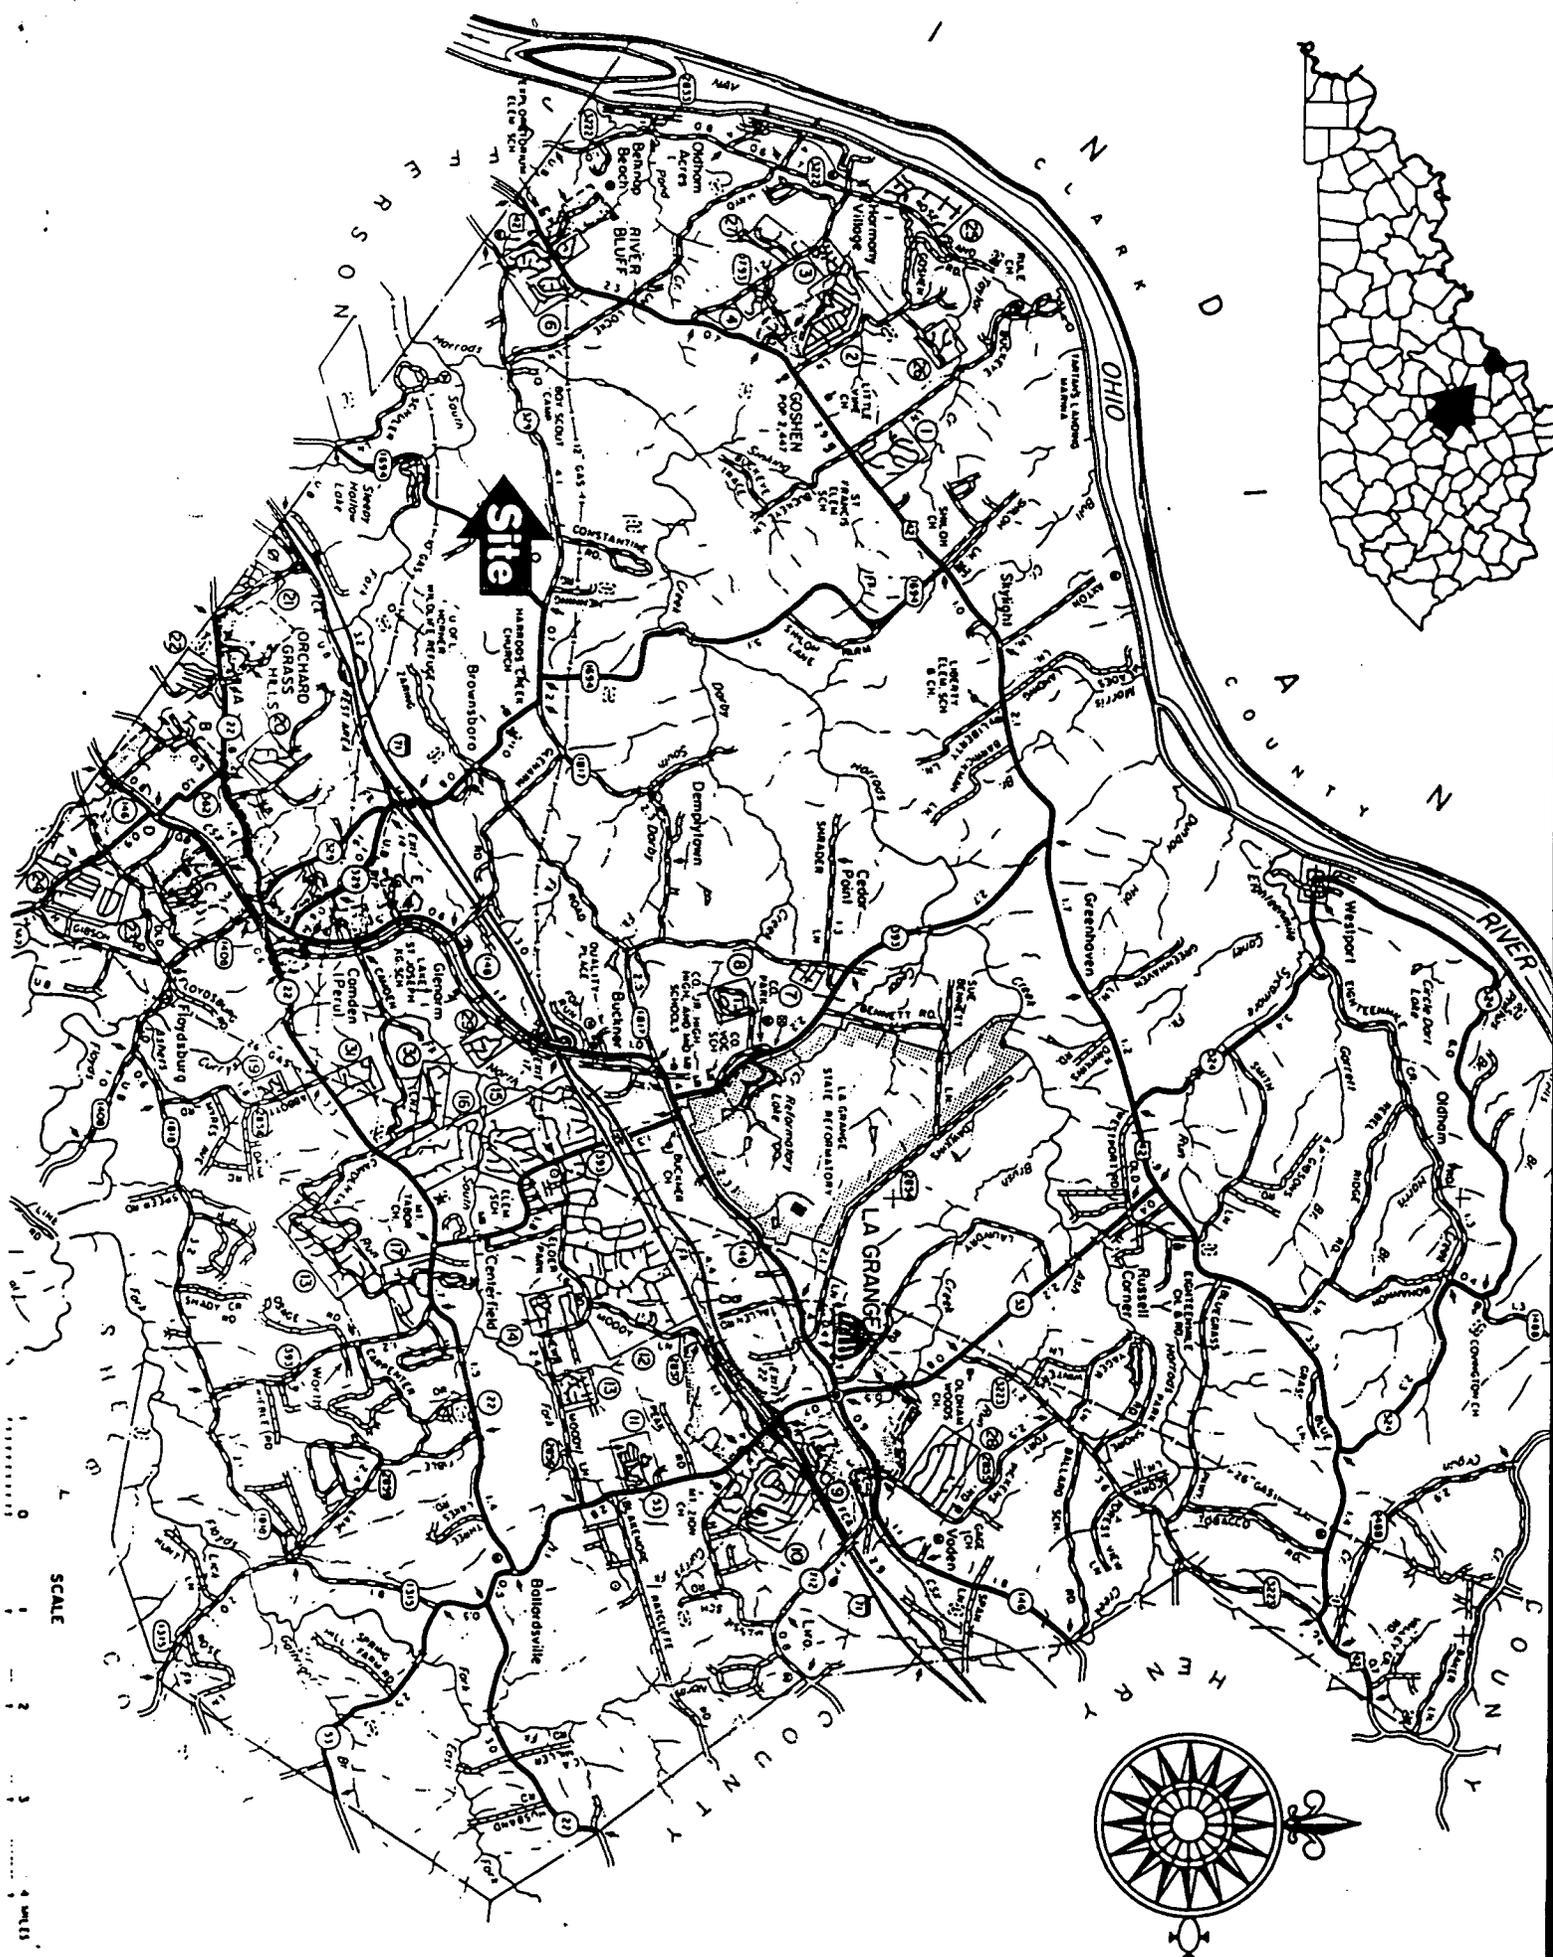

The Commission invites your comments regarding the proposed construction. You also have the right to intervene in this matter. Your initial communication to the Commission must be received by the Commission within 20 days of the date of this letter as shown above.

Your comments and request for intervention should be addressed to: Executive Director's Office, Public Service Commission of Kentucky, Post Office Box 615, Frankfort, KY 40602. Please refer to Case No. 96-227 in your correspondence.

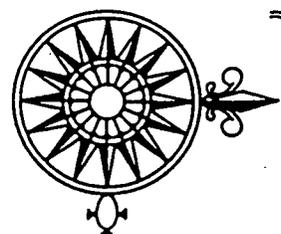

Yours truly,

Cheryl J. Pence
J.D., M.C.P.
