Dotsen

Dear Sir:

I own property near the intersection of Johnson Road and Aken Road. This is the location Wireless Co. LP, Suite 100 Louisville Kentucky 40222, case number 96-312 Sprint, proposes to place a telecommunication tower. I am completely opposed to this tower.

There is also another telecommunication tower being promoted for the property across Johnson Road on Conrad Oberst property Case # 96-286 Bell South. I also oppose this Tower.

96-286

Why do we need 2 towers within 1/2 mile of each other , if there has to be a tower located in this area, can't these companies share 1 tower? There are also high voltage towers near by, can these antennas be mounted on them?

I am completely opposed to placing towers at this location. This is a residential area, not a commercial location. It is also in the Floyds Fork Corridor that has had so much attention in the last year for preservation.

I would like to ask for full intervention in these matters.

Sincerely

Thomas S Slaughter
2220 Johnson Road
Louisville Ky 40245
