Re: Public Notice - Public Service Commission of KY
Case No. 96-272

Dear Sir/Madame:

Recently I received a notice explaining that Kentucky CGSA, Inc. applied for a permit to develop a facility for cellular radio telecommunication one block from my home. My family and I would like to state our objections to the development of this facility in the proposed location. My family has owned property in this neighborhood for over fifty years, and we do not want the property value to decline, due to the construction of this new facility. In addition, we are concerned about the manner in which this facility will affect the aesthetics of the neighborhood. We are strongly opposed to the development of this facility in our neighborhood, and we are willing to develop a community group to counter the development of this facility.

Thank you for considering my objection to this proposal. If you have any questions, I can be reached at (502) 367-8884 or (212) 773-3718.

Sincerely,

Stacey Brown
