

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF WIRELESSCO, L.P. THROUGH ITS AGENT)
AND GENERAL PARTNER, SPRINT SPECTRUM, L.P. FOR)
ISSUANCE OF A CERTIFICATE OF PUBLIC CONVENIENCE)
AND NECESSITY TO CONSTRUCT A PERSONAL) CASE NO.
COMMUNICATION SERVICES FACILITY IN THE LOUISVILLE) 96-281
MAJOR TRADING AREA [FERGUSON PCS FACILITY)
LV03XC069B1])

O R D E R

On June 19, 1996, Sprint Spectrum, L.P. on behalf of WirelessCo, L.P. filed an application seeking a Certificate of Public Convenience and Necessity to build and operate a personal communications services ("PCS") facility in the Louisville Major Trading Area, which encompasses the entire Commonwealth of Kentucky. On August 9, 1996, WirelessCo, L.P., through its agent and general partner Sprint Spectrum, L.P., amended the application, stating that the jurisdictional utility and applicant in this matter is WirelessCo, L.P. WirelessCo, L.P. has requested authorization to construct a PCS site in Bullitt County. WirelessCo, L.P. was previously granted the authority to operate in Case No. 96-077.¹

The proposed PCS site consists of a 250-foot or less self-supporting antenna tower to be located at 136 Ferguson Road, Shepherdsville, Bullitt County, Kentucky ("the

¹ Case No. 96-077, The Application of WirelessCo, L.P., d/b/a Sprint Telecommunications Venture for Operating Authority and Issuance of Certificate of Public Convenience and Necessity to Construct Commercial Mobile Radio Service Transmission Facilities in Kentucky.

Ferguson PCS site"). The coordinates for the Ferguson PCS site are North Latitude 38° 02' 25.5" by West Longitude 85° 41' 56.3".

WirelessCo, L.P. has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the Ferguson PCS site. Based upon the application, the design of the tower and foundation conforms to applicable nationally recognized building standards, and the plans have been certified by a Registered Professional Engineer.

Pursuant to KRS 100.324(1), the Ferguson PCS site's construction is exempt from local zoning ordinances; however, WirelessCo, L.P. notified the Bullitt County Planning and Zoning Commission of the pending construction. WirelessCo, L.P. has filed applications with and received approvals from the Federal Aviation Administration and the Kentucky Airport Zoning Commission for the construction and operation of the Ferguson PCS site.

WirelessCo, L.P. has verified that each person who owns property or who resides within 500 feet of the Ferguson PCS site has been notified of the pending construction. The notice solicited any comments and informed the property owners and residents of their right to intervene. In addition, notice was posted in a visible location on the proposed site for at least two weeks after WirelessCo, L.P.'s application was filed. Francis W. and Virginia W. Burkart requested intervention on July 1, 1996. The Burkarts were granted such status on July 15, 1996 and were notified of their right to request a hearing. On October 7, 1996, the Commission scheduled a hearing for November 12, 1996, contingent upon notification by parties wishing to present evidence against the proposed Ferguson PCS facility. To date, no presenting parties have come forward and the case stands

submitted to the Commission for a decision on the written record, which demonstrates that public convenience and necessity require the proposed construction.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, WirelessCo, L.P. should notify the Commission if it does not use this antenna tower to provide PCS radio telecommunications services in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by WirelessCo, L.P.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that WirelessCo, L.P. should be granted a Certificate of Public Convenience and Necessity to construct and operate the Ferguson PCS site under its previously approved tariff.

IT IS THEREFORE ORDERED that:

1. WirelessCo, L.P. is granted a Certificate of Public Convenience and Necessity to construct and operate the Ferguson PCS site.
2. WirelessCo, L.P. shall file a copy of the final decisions regarding the pending FAA and KAZC applications for this cell site construction within 10 days of receiving these decisions.

3. WirelessCo, L.P. shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 5th day of December, 1996.
