BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS)
ADJUSTMENT FILING OF THE)
UNION LIGHT, HEAT AND POWER) CASE NO. 92-346-P
COMPANY)

O R D E R

On August 31, 1993, in Case No. 92-346, the Commission approved certain adjusted rates for The Union Light, Heat and Power Company ("ULH&P") and provided for their further adjustment on a quarterly basis in accordance with its approved gas cost adjustment ("GCA") clause.

On July 29, 1997, ULH&P filed its GCA to be effective August 29, 1997 through November 26, 1997.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. ULH&P's notice of July 29, 1997 proposed revised rates designed to pass on to its customers its wholesale increase in gas costs. ULH&P's proposed expected gas cost ("EGC") of \$3.417 per Mcf includes a take-or-pay recovery component of 0 cents per Mcf. A take-or-pay refund component which will reduce customer bills in the amount of 5 cents per Mcf is not included in the GCR rate but is set out on a separate tariff sheet.

2. ULH&P's notice of July 29, 1997 set out a current quarter refund adjustment in the amount of .8 cent per Mcf to return pipeline supplier refunds of \$91,767, including interest, to its customers. The total refund adjustment of (5.6) cents per Mcf is composed of the current adjustment and a previous quarter adjustment.

3. ULH&P's notice of July 29, 1997 set out a current quarter actual adjustment of (28.4) cents per Mcf to return over-recovered gas cost from March, April, and May 1997. The proposed total actual adjustment of 30.9 cents per Mcf reflects the current over-collection, as well as under- and over-collections from three previous quarters.

4. ULH&P's notice of April 30, 1997 set out a current quarter balancing adjustment of (.5) cents per Mcf to reconcile variances from previous actual, refund, and balance adjustments. The total balance adjustment of .6 cent per Mcf reflects the current, as well as the three previous, balance adjustments.

5. ULH&P proposed a Firm Standby Rate of \$2.208 per Mcf and an Interruptible Standby Rate of 71.3 cents per Mcf.

6. The combined effect of the above adjustments is ULH&P's gas cost recovery rate ("GCR") of \$3.788 per Mcf, 13.3 cents per Mcf less than the previously authorized rate.

7. ULH&P's adjustment in rates contained in the Appendix to this Order is fair, just, and reasonable, in the public interest, and should be approved effective with bills rendered on and after August 29, 1997.

IT IS THEREFORE ORDERED that:

1. The rates in the Appendix, attached hereto and incorporated herein, are fair, just, and reasonable and are authorized to be effective with bills rendered on and after August 29, 1997.

2. Within 30 days of the date of this Order, ULH&P shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 29th day of August, 1997.
