To Whom It May Concern:

My wife and I strongly oppose the building of the cellular communication tower at the proposed site. The tower would be only 50 feet from our property line and only 360 feet from our house. I have numerous medical problems resulting from exposure to Agent Orange during my tours of service in Vietnam and I have concern about the health dangers from being exposed to microwaves emitted from the tower. Medical research has indicated a possible increased risk of cancer from the use of cellular phones.

We are also concerned about decrease in our property value. The location of the tower could be detrimental if we were to decide to sell our property. We feel that Mr. and Mrs. Bond should have discussed this proposal with us instead of our receiving a letter from an outsider.

Sincerely,

Mr & Mrs. Donald R Chambers
