Case No. 98-006

April 10- 1998

Dear Sir

You did not have to send a certified letter on this matter we had received two other letters. We prefer that the tower not be put up. Why you ask, my husband James Moore retired from Ford Motor Company about three years ago we lived on the east end on Millgate in order to live on retirement we moved here. We knew the airport would be somewhat noisy, however being a no flood zone etc we settled here. Everytime its stormy I'll be scared to death when that tower is on the corner to be seen right out my front door. There is other reasons however why list them you people do whatever you want anyway.

Thank you

Dear Sir:

As a Resident of the address above since January 1950, I take a dim view of a 200' monopole being erected almost in my front yard.

As a right to intervene I do so at this time.

I am not sure what property other than residential is available for this project at this time.

I only know that if I try to sell this property at any time after the monopole is erected I am sure it will have an adverse decision on sale price.

also this tower is not about  
to enhance the scenery or  
add to the beauty of this area.

I believe it will only have a  
negative effect on this whole  
area.

I believe these towers are not  
designed or built with people  
who live in the area in mind  
but only for the bottom line of
