<sup>1</sup> Case No. 98-060, An Examination by the Public Service Commission of the Environmental Surcharge Passthrough Mechanism of Green River Electric Corporation as Billed from April 17, 1996 to December 31, 1997, Response to the Commission's January 30, 1998 Order, Item 2.

as directed by the Commission, with the resulting minor over/under amount being waived. Is such a proposal acceptable to Henderson Union for resolving its over-recovery? If not, how does Henderson Union propose to address its over-recovery?

2. Refer to the response to the Commission's January 30, 1998 Order, Item 1(a), page 1 of 43.

a. A mathematical check of the columns labeled "Amount Billed by Big Rivers" and "Billed Consumer" do not agree with the totals shown on this page. It appears that the amounts listed for March 1996 and the correction in October 1997 have been excluded. Why were these amounts omitted by Henderson Union?

b. The KWH Purchased and Net KWH amounts shown for January 1997 reflect a line loss percentage of 7.54 percent rather than the listed 7.44 percent. Indicate which percentage is correct.

c. If the responses to (a) or (b) above affect the calculation of the monthly over/under recovery amounts, provide a revised ES Form 2.0.

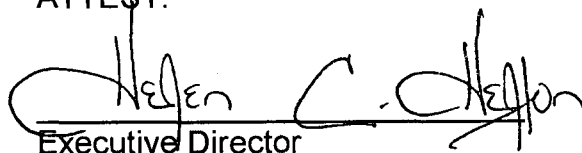

Done at Frankfort, Kentucky, this 6th day of April, 1998.
