CASE NO.
98-079

ORDER

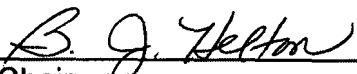

On February 10, 1998, Northern Kentucky Water Service District ("Northern Kentucky District") applied for a Certificate of Public Convenience and Necessity for 44 construction projects set forth in its 1998-1999 and 1999-2002 capital budgets.

The Commission, having entered several Orders in this case, finds that only six projects remain for decision; namely, projects B, J, S, U, Z and TT. On August 4, 1998, Northern Kentucky District, by letter, advised the Commission that it still needed to obtain bids on these projects and was not prepared at this time to pursue the projects through the certificate process. Northern Kentucky District requested that the letter be considered a motion to dismiss the action without prejudice and requested that it be granted permission to make applications for certificates on the remaining projects when they are ripe for processing.

Good cause having been shown, IT IS HEREBY ORDERED that this case is dismissed without prejudice and Northern Kentucky District is granted permission to refile certificate applications on Projects B, J, S, U, Z and TT.

Done at Frankfort, Kentucky, this 1st day of October, 1998.
