In the Matter of:

ADJUSTMENT FILING OF THE	)	CASE NO. 92-346-Y

COMPANY	)	

ORDER

On August 31, 1993, in Case No. 92-346, the Commission approved certain adjusted rates for The Union Light, Heat and Power Company ( ULH&P ) and provided for their further adjustment on a quarterly basis in accordance with its gas cost adjustment ( GCA ) clause.

On October 29, 1999, ULH&P filed its GCA to be effective November 30, 1999 through February 29, 2000.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. ULH&P s notice of October 29, 1999 proposed revised rates designed to pass on its expected increased wholesale gas costs to its customers. ULH&P s proposed expected gas cost ( EGC ) of \$3.916 per Mcf includes a take-or-pay recovery component of 0 cent per Mcf, and is an increase of 20.9 cents per Mcf from the EGC which was approved in its last filing.

2. ULH&P s notice of October 29, 1999 set out a current quarter refund adjustment of .4 cents per Mcf in order to return refunds in the amount of \$35,170,

including interest, to its customers. The total refund adjustment of 1.9 cents per Mcf reflects the current refund adjustment in addition to previous quarter adjustments, and represents a .2 cent per Mcf increase in rates from the total refund adjustment previously in effect.

3. ULH&P's notice of October 29, 1999 set out a current quarter actual adjustment ( AA ) of 9.7 cents per Mcf to collect under-recovered gas cost from June, July, and August 1999. The proposed total AA of (20) cents per Mcf reflects the current under-collection as well as under- and over-collections from three previous quarters. The total AA is .5 cents per Mcf more than the previous total AA.

4. ULH&P's notice of October 29, 1999 set out a current quarter balancing adjustment ( BA ) of (.6) cents per Mcf to reconcile variances from previous actual, refund, and balancing adjustments. The total BA of 4.9 cents per Mcf reflects the current, as well as the three previous, BAs. It is 1.9 cents per Mcf more than the previous BA.

5. ULH&P proposed a Firm Standby Rate of \$.943 per Mcf and an Interruptible Standby Rate of \$.626 per Mcf.

6. The combined effect of the above adjustments is ULH&P's gas cost recovery rate ( GCR ) of \$3.746 per Mcf, which is 23.5 cents per Mcf more than its previous GCR of \$3.511 per Mcf.

7. ULH&P's adjustment in rates contained in the Appendix to this Order is fair, just, and reasonable, in the public interest, and should be approved effective with bills rendered on and after November 30, 1999.

IT IS THEREFORE ORDERED that:

1. The rates in the Appendix to this Order are fair, just, and reasonable, and are effective for bills rendered on and after November 30, 1999.

2. Within 30 days from the date of this Order, ULH&P shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 24<sup>th</sup> day of November, 1999.
