RENOVATIONS)	

O R D E R

IT IS ORDERED that Jackson Energy Cooperative ("Jackson Energy") shall file the original and five copies of the following information with the Commission with a copy to all parties of record within 21 days from the date of this Order.

1. Jackson Energy is proposing to demolish the existing vehicle maintenance garage and the dispatch center buildings and construct the McKee district warehouse (McKee warehouse) on that site.

a. Since the proposed new headquarters building is approximately 6 miles from the proposed McKee warehouse, explain the reason for not building the warehouse next to the proposed headquarters building.

b. If future expansion of the proposed McKee warehouse is needed, could such expansion be accommodated at that site?

c. Provide the size of the parcel of land where the McKee warehouse will be located.

d. Provide the size of the parcel of land owned by Jackson Energy that is located along and on both sides of State Highway 290.

2. What would the cost and the required modifications to the proposed headquarters building be in order to eliminate the need of the McKee warehouse and the renovation of the existing headquarters in McKee?

3. What would be the estimated selling price for the existing vehicle maintenance garage, the dispatch center, and the existing headquarters? Explain how this estimate was derived.

Done at Frankfort, Kentucky, this 3rd day of August, 1999.
