By Order of July 6, 2000, the Commission directed B.T.U. Gas Company, Inc. ("BTU") to file a map of its system on or before September 6, 2000. On September 13, 2000, BTU filed with the Commission a letter requesting an extension of time in which to file its system map. The request was based upon the fact that Richard Williams, Operations Manager of BTU, has been ill and in the hospital. The Commission considers BTU's letter as a Motion for Extension of Time, and finds that the motion should be granted.

IT IS THEREFORE ORDERED that BTU is granted an extension of time in which to file its system map, in conformity with 807 KAR 5:006, Section 22(1), and that the system map shall be filed on or before November 1, 2000.
