O R D E R

On April 1, 2001, BellSouth Telecommunications, Inc. ("BellSouth") was ordered to satisfy or answer a complaint filed March 22, 2001 by Computer Innovations. Computer Innovations has alleged that BellSouth is charging it non-competitive rates on Primary Rate Interface ("PRI") Service and Basic Rate Interface ("BRI") Service in Richmond, Kentucky; that BellSouth unfairly charges presubscribed interexchange carrier charges ("PICC") on inward-only lines of Computer Innovations; and that BellSouth would not offer PRI service in Richmond, Kentucky, though it was available, causing Computer Innovations to obtain more expensive BRI lines.

On April 10, 2001, BellSouth filed its answer to the complaint. As part of its response, BellSouth has indicated that Computer Innovations provided insufficient information for it to respond to specific allegations regarding the provision of the PRI lines in question.

On April 19, 2001, Computer Innovations, by letter, requested that it be given 60 days to respond to BellSouth's answer. According to Computer Innovations, this time is necessary to obtain additional information to support its claims.

Accordingly, IT IS HEREBY ORDERED that:

1. Computer Innovations shall reply to BellSouth's answer by no later than June 19, 2001.

2. There shall be an informal conference in this proceeding on June 27, 2001, beginning at 10:00 a.m., Eastern Daylight Time, in the Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky.

Done at Frankfort, Kentucky, this 9th day of May, 2001.
