This matter is before the Commission on motion of Applicant to hold the case in abeyance. The Intervenors herein have offered 19 proposed acceptable alternative sites, some of which are located in Ohio across the river from the proposed cell facility in Kentucky. In addition, the Commission has ordered the Applicant to investigate the existing tower facility located approximately 400 feet from the Applicant's proposed construction site. The Applicant is in discussions with the owners of the existing tower and a company that augments towers to strengthen them to carry additional cellular facilities.

The Commission, being otherwise sufficiently advised, HEREBY ORDERS that this case be placed in abeyance until the Applicant has completed its analysis of the existing and proposed acceptable alternative sites, and until further Order of the Commission.

Done at Frankfort, Kentucky, this 1<sup>st</sup> day of April, 2002.
