If no statement of intent to appear at the hearing and present evidence against the proposed facility is received by that date, the hearing will be cancelled and the matter will be submitted to the Commission for a decision based upon the written record without further Orders herein.

The intervenor is hereby notified that the hearing will be conducted pursuant to the evidentiary standards of KRS 278.650(4). All proposed alternative sites that the intervenor wishes to be considered must be specifically identified and submitted to the Commission in writing, within 10 days of the date of this Order, if they are to be considered by the Commission. 2. The motion to intervene of David Cothron is granted.

3. Mr. Cothron shall be entitled to the full rights of a party and shall be served with the Commission's Orders and with filed testimony, exhibits, pleadings, correspondence, and all other documents submitted by parties after the date of this Order.

4. Should Mr. Cothron file documents of any kind with the Commission in the course of these proceedings, he shall also serve a copy of said documents on all other parties of record.

5. If any intervenor intends to appear at the hearing and present evidence against the construction of the tower, he shall file a statement of intent to appear in opposition to the proposed telecommunications facility within 10 days of the date of this Order. Such statement shall include any alternative locations which the intervenor wishes the Commission to consider. If no statement is filed within 10 days of the date of this Order, the hearing shall be cancelled and the matter shall be submitted to the Commission on the existing record without further Orders herein.

8. Unless the hearing is cancelled, Applicants shall appear at the hearing and shall be prepared to present testimony and evidence regarding the matters set out herein, including safety and public necessity issues.

9. Any interested person shall have the opportunity to present testimony or comment on the proposed facility.
