CASE NO.  
2002-00006

O R D E R

Third Kentucky Cellular Corporation d/b/a Wireless 2000 Telephone ( Third Kentucky ) and Northstar Technology, LLC have submitted several applications to construct wireless communications facilities at various locations throughout Kentucky. The applications were rejected as deficient because they did not contain the boring logs as required by Administrative Regulation 807 KAR 5:063, Section 1(1)(d).

Third Kentucky has filed motions for extensions of time in which to complete these applications. Third Kentucky is prepared to cure the deficiencies in these cases by filing supplements to its applications when the boring logs are completed. The Commission finds good cause to retain the cases on the docket until the deficiencies are cured or until January 1, 2003, whichever comes first.

IT IS HEREBY ORDERED that:

1. The motions for extensions of time are granted.
2. Third Kentucky shall file a status report of its efforts to cure the deficiencies in each case within 90 days from the date of this Order.
3. If the deficiencies are not cured by January 1, 2003, these cases shall be removed from the Commission s docket without further Order of the Commission.

Done at Frankfort, Kentucky, this 9<sup>th</sup> day of August, 2002.

By the Commission

ATTEST:

  
Executive Director
