O R D E R

On May 1, 2002, Crown Communication Inc. and GTE Wireless of the Midwest, Inc. d/b/a Verizon Wireless (hereinafter Applicants) filed a motion to withdraw the application filed in this matter. Though the motion provided no rationale for the withdrawal, Applicants have submitted additional information. Applicants assert that the radio frequency engineer misidentified the search ring for the proposed facility. When the search ring was correctly identified, Verizon Wireless was able to collocate on an existing structure. Accordingly, no new construction is necessary. Based on this rationale, the Commission finds that the motion should be granted.

Accordingly, IT IS HEREBY ORDERED that:

1. The Applicants motion to withdraw this application is granted.
2. This case is dismissed.

Done at Frankfort, Kentucky, this 31st day of May, 2002.
