ASSOCIATION TO INCREASE DEPOSITS TO)	CASE NO.
THREE-TWELFTHS (3/12) OF A CUSTOMER S)	2002-00382
AVERAGE ANNUAL BILL)	

O R D E R

On October 21, 2002, Rockcastle County Water Association (Rockcastle Water) requested a deviation from Administrative Regulation 807 KAR 5:006, Section 7(1)(a), to increase a customer s deposit to three-twelfths (3/12) of the customer s average annual bill.

The Commission finds that further proceedings are necessary in order to determine the reasonableness of the requested deviation revisions. Rockcastle Water s request does not contain sufficient information to support the requested deviation from Administrative Regulation 807 KAR 5:006, Section 7(1)(a). Accordingly, the proposed deviation shall not become effective pending final action by the Commission.

IT IS HEREBY ORDERED that this proceeding is established to consider Rockcastle Water s requested deviation.

Done at Frankfort, Kentucky, this 20th day of November, 2002.
