O R D E R

On July 9, 2003, the Commission required BellSouth Telecommunications, Inc. (BellSouth) and e-Tel, LLC (e-Tel) to submit a written status report concerning all issues pending in the complaint. BellSouth and e-Tel filed their responses on July 29, 2003. BellSouth states that it is without knowledge as to whether e-Tel has fully resolved inside wiring issues. With respect to outside wiring issues, BellSouth has determined that the corrections have been made. e-Tel states it has corrected all matters that BellSouth identified in its complaint with one exception. e-Tel has asserted that it is attempting to contact the affected customer and to make the necessary changes to the telephone facilities at that location.

IT IS THEREFORE ORDERED that BellSouth and e-Tel shall submit, within 20 days of the date of this Order, a follow-up written status report on the one issue that remains in the complaint. In addition to this written status report, both parties shall indicate whether, in their opinion, this matter may now be dismissed from the Commission s docket as satisfied.

Done at Frankfort, Kentucky, this 14th day of August, 2003.
