O R D E R

This complaint, brought by BellSouth Telecommunications, Inc. (BellSouth) against e-TEL, LLC (e-TEL), addresses outside wiring issues and inside wiring issues. The parties agree that all outside wiring issues have been addressed. In a letter filed September 4, 2003, BellSouth indicates, however, that it has no way to verify whether e-TEL has resolved all of the inside wiring issues.

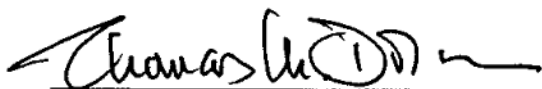

Given that the Commission has heard nothing from the parties in this matter since that time, the Commission finds that this complaint should be dismissed as satisfied. However, this dismissal does not preclude BellSouth from petitioning to reopen this matter should these issues resurface. Thus, this matter is dismissed without prejudice.

BE IT SO ORDERED.

Done at Frankfort, Kentucky, this 6th day of November, 2003.
