WATER ENVIRONMENT AUTHORITY S)	CASE NO.

WATER DISTRICT)	

STAFF NOTICE OF CANCELLATION
OF INFORMAL CONFERENCE

On October 28, 2003, the Commission Staff scheduled an informal conference with Hopkinsville Water Environment Authority (Hopkinsville) and Christian County Water District (Christian County) for November 10, 2003. The purpose of the informal conference was for the parties to clarify their settlement agreement filed September 26, 2003 and to determine whether they were willing to negotiate an agreement on any remaining rates and conditions of service. The attorneys representing Hopkinsville and Christian County contacted staff counsel, objecting to this informal conference. The attorneys stated that clarification of the proposed settlement agreement was not necessary. Given the objection to an informal conference and the willingness of Hopkinsville and Christian County to accept a Commission decision based on the information currently in the record, the November 10, 2003 informal conference is cancelled. Questions regarding this matter may be directed to Amy E. Dougherty at 502/564-3940, Extension 257, aedougherty@mail.state.ky.us.
