

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF MATRIKS ENERGY, LLC)	CASE NO.
TO ADJUST RATES PURSUANT TO)	2003-00398
KRS 278.485)	

O R D E R

On October 29, 2003, Matriks Energy, LLC (Matriks) submitted an application to the Commission for an adjustment of rates pursuant to KRS 278.485. In its filing, Matriks requested permission to deviate from the requirements of 807 KAR 5:026, Section 9(b). 807 KAR 5:026, Section 9(b), requires the applicant to submit cost data, current within 90 days of the date the proposal is filed, that includes the company's costs to provide service during each of the previous 2 years.

Matriks states that its accounting records are not maintained in sufficient detail to provide the information required. It states that the cost justifications provided in its application are based on its best estimates of time and materials used to provide service to its residential customers. Having reviewed the filing and being otherwise sufficiently advised, the Commission finds that good cause for granting the deviation has been presented and that Matriks' request to deviate from the above-cited regulation should be granted.

IT IS THEREFORE ORDERED that Matriks' request for permission to deviate from the requirements of 807 KAR 5:026, Section 9(b), is granted.
