7		EXAMINATION
8		
9	BY MR. GOLDBER	<u>G:</u>
10	Q.	Could you state your name, please.
11	Α.	Walter Sales.
12	Q.	And your business address?
13	Α.	1700 PNC Plaza, Louisville, Kentucky.
14	Q .	Can you tell me your occupation?
15	Α.	I'm a lawyer.
16	Q .	Okay. And where are you a lawyer?
17	Α.	Odgen, Newell & Welch.
18	Q.	I presume the address you gave me is
19	the offices of	Odgen, Newell & Welch?
20	Α.	Yes.
21	Q.	Okay. I trust you were familiar with
22	the company LG	&E Energy, LLC.
23	Α.	Yes.
24	Q .	Okay. Do you represent LG&E Energy,
25	LLC?	

1	A. Yes.
2	Q. Okay. And for the purposes of your
3	statement, Mr. Sales, the time frame I want you to be
4	thinking of is generally September of 2003 through
5	June 30th, 2004. So my questions in terms of
6	relevancy and time frame are all in that particular
7	area.
8	A. Okay.
9	Q. With regard to the beginning of the
10	fall period of September 2003, were you engaged by
11	LG&E and/or KU to work on any particular projects?
12	A. Yes.
13	Q. Okay. Can you tell me what that was.
14	A. They an application tariff
15	application had been filed with the Public Service
16	Commission to establish what was known as or
17	called then a nonconforming load tariff for that
18	really was basically only one company fit the
19	the profile of a nonconforming load, and that was
20	North American Stainless, a stainless steel
21	manufacturer between here and Cincinnati.
22	Q. Okay. Am I correct that prior to the
23	time you were engaged to file the tariff, that North
24	American Stainless had filed a complaint with the
25	Public Service Commission with regard to their

I

	5
1	relationship with KU?
2	A. Yes.
3	Q. And were you had you been employed
4	to deal with that particular complaint?
5	A. I really became involved after the
6	complaint had been filed and actually after the
7	tariff application had been filed by the utility.
8	Someone else had been running had been managing
9	that before I came I became involved, so I can't
10	recall exactly which came first, but I'm thinking
11	that sometime in probably October or thereabouts,
12	maybe early November, is when I became involved in
13	any kind of a serious way. And I don't remember
14	whether the two the complaint case and the tariff
15	application had been consolidated yet or not, but if
16	they hadn't been consolidated when I got in there,
17	they got consolidated very rapidly thereafter.
18	Q. All right, sir. Let me give you a
19	little bit of a time frame. It's my understanding
20	that they ultimately got consolidated pursuant to
21	Public Service Commission order with the two rate
22	cases, which we will talk about, in the late winter,
23	early spring of 2004. Does that fit with your
24	recollection?
25	A. That that's a second consolidation.

1	Q. All right, sir.
2	A. I believe that there was a prior
3	consolidation. And, again, I I could be wrong.
4	My recollection was that the complaint case that had
5	been filed against KU, I guess it was, by North
6	American Stainless was consolidated with the tariff
7	filing case that had been filed by LG&E and KU for
8	the nonconforming load tariff. And then when the
9	rate the major rate case was filed, which I guess
10	was early December of 2003, thereafter we filed a
11	motion to consolidate the what I call NAS, N-A-S,
12	cases
13	Q. Standing for North American Stainless.
14	A. North American Stainless into the
15	major rate case, the big what I call the large
16	the big rate case that had been filed by the two
17	utilities.
18	Q. All right, sir. Now, you use the date
19	December. I will tell you officially for the record
20	notice of intent was the last day of November, and
21	the actual rates filed last of December. Using that
22	as a time reference, do you recall when you first
23	became aware of the fact that KU and LG&E were going
24	to file for rate increases?
25	A. I can't say specifically. I'm sure I

I

knew beforehand that -- that this was something that 1 2 would be happening because the occasion for me actually being enlisted to represent the utilities on 3 the tariff application was the fact that Kendrick 4 Riggs, who would normally probably have handled that 5 6 matter, was going to be too swamped with the -- the 7 rate case, and he needed some first chair help on -on some problems at the Public Service Commission. 8 9 And I -- because I've had the experience at the PSC 10 in the past, I was enlisted and was glad to help. 11 Ο. Okay. So I knew about the rate -- I knew --12 Α. 13 I knew they were planning for a rate filing -- a 14notice before it happened. When, how -- how much 15before, I can't say. 16 Am I understanding your statement that Q. 17 you were not part of the team that actually worked on the rate cases, at least prior to their actual 1.8 19 filing --That's true. 20 Α. -- in December? 21 Ο. I did not work on the rate cases at 22 Α. 23 all prior to the filing. Okay. I take it you did work --24 Q. continued to work on the North American Stainless 25

1	tariff and complaint during that period of time,
2	September 2003 through the end of December 2003.
3	A. Yes.
4	Q. Okay. Now, do you have a recollection
5	of having had a communication with the staff of the
6	Public Service Commission during that period of time?
7	A. I don't have a recollection of any
8	specific conversations I might have had. It's
9	possible to make a telephone call to find out should
10	I handle should I do handle this motion in this
11	way or that way, and someone would tell me which way
12	to present it because there are that kind of a
13	conversation could occur
14	Q. All right.
15	A but but
16	Q. Would you call those kinds of
17	conversations procedural in nature?
18	A. Oh, quite.
19	Q. And do you have a recollection who you
20	would have had communication with?
21	A. Actually, it would only there
22	was there was a switch, I believe, and I've really
23	forgotten who it was that I chatted with.
24	Q. Okay. You may have had a
25	conversation. You're not really sure that you

I

actually did --1 Α. I know that --2 -- during that period of time? 3 Ο. -- in fact, I had one. Α. 4 Okay. 5 Q. I can't tell you that it occurred 6 Α. before or after January 1. It happened in that time 7 frame between September of '03 and -- and June of 8 My guess -- and there was a woman whose --9 '04. gosh, this is terrible, but I just don't recall her 10 11 name. All right. You recall her being on 12 Q. 13 the staff --14 Α. Yes ---- of the Public Service Commission? 15 Q. -- she was on the staff. 16 Α. Let me give you some names, and see if 17 Ö, these are meaningful to you. Andrea Edwards? 18 No. I mean, could -- could have been, 19 Α. 2.0 but I don't recall. All right. Do you have a recollection 21 Q. 22 that this particular individual was working on the North American Stainless case? 23 Yes. I only had one communication of 24 Α. a procedural nature on the North American Stainless 25

1	case with any member of the commission staff. And my
2	recollection is that I called the wrong person first.
3	I was redirected to somebody else, and that it was
4	several months after I began working on it.
5	So my thinking is and now that I'm
6	thinking about it, I believe it was on our motion
7	as a matter of fact, now I'm it is on our motion
8	to consolidate the North American Stainless cases
9	into the rate case, that I had some communication
10	procedurally how should I do this. And I think the
11	procedural question was do I file it just in the
12	North American Stainless case, or do I also file it
13	in the rate case simultaneously? In other words, the
14	same pleading, motion moving to consolidate the
15	cases together. That was the procedural question
16	that I had.
17	I called somebody and got the wrong
18	person, and then I was redirected to somebody else, a
19	young lady who I say "young lady" because
20	everybody is young now to me who answered my
21	question.
22	Q. All right. Do I take it that you did
23	not have any conversations with any member of the
24	staff prior to this conversation with regard to the
25	two rate cases?

No, I never had any conversation with 1 Α. 2 any member of the staff with respect to the rate 3 cases. 4 All right. And for the record, the Ο. two rate cases we referred to as 00433 and 00434. 5 6 Α. Right. 7 And to be clear, you did not have any Q. such communication with any member of the staff. 8 9 Let me ask you that same question with 10 regard to commission members. Did you ever have any conversation about the rate cases with any commission 11 12 member? 13 Α. No. 14 Okay. All right. Do you have a Ο. 15 recollection of having performed any work on the two 16 rate cases as we've described them prior to their 17 actual filing? 18Α. No. 19 ο. Okay. Subsequent to their filing -and moving our chronology between the date of filing 20 and April 28, 2004, which is the first informal 21 22 conference, okay? 23 Α. Right. 24 Q. I will show you the sign-in sheet from 25 the first informal conference. You were there. Do

1 you recall working on the rate case --2 Α. Yes. 3 Ο, -- cases? 4 Tell me what you did with regard to 5 that. 6 Α. The issues involving the nonconforming 7 load tariff interrelated with issues which were going 8 to be litigated in the rate cases dealing with the curtailable service rider. Curtailable service rider 9 10 is a credit and adjustment to the rates that 11 industrials get for allowing the utility to be able 12 to curtail their service with some notice in the 13 event of peak usage. A day like today, maybe, when it's so hot and their facilities are being taxed to 14 15 the maximum. 16 And the industrials want to get as 17 much credit as they can on those riders and, you 18 know, there's that tension always between the utility 19 and the customer over how much credit to give and 20 what's -- what's justifiable. That was part of the 21 negotiation or part of this -- the litigation with 22 NAS was the -- its use of a curtailable service 23 rider. 24 So when it -- it became -- when we 25 started working actually developing testimony, it

1	became obvious to all of us that the curtailable
2	service rider issue that was present in the rate
3	cases was probably best handled together with the NAS
4	case, the NAS aspect of the cases once they were
5	consolidated. So that fell to me, and I started
6	working on understanding the ins and outs of the
7	curtailable service rider and being able to prepare a
8	case for the utilities to be made on on why the
9	curtailable service rider should be as they proposed
10	it.
11	Q. Okay. As part of the rate cases.
12	A. As part of the rate cases.
13	Q. All right. Now, let me assert my
14	knowledge here, which is slightly dangerous. I have
15	been informed that generally with the rate cases
16	there were two components, revenue requirement and
17	rate design or rate allocation.
18	A. Right.
19	Q. Do those terms have meaning to you?
20	A. Yes.
21	Q. Okay. Would the issue that you worked
22	on fit under revenue requirement or fit under rate
23	design?
24	A. Oh, rate design.
25	Q. Okay. With regard to that work, what

I

1	kinds of things did you do?
2	A. Really
3	Q. Go ahead. By way of example, did you
4	do prepare witnesses for expert testimony?
5	A. Yes.
6	Q. Okay. Did you do document requests?
7	A. We prefiled I can tell you in
8	fairly we prefiled testimony of Charlie Freibert
9	and Howard Bush. Prefiled or adopted testimony
10	prefiled testimony for Steve Seelye, who would have
11	been the expert witness. Prepared Mr. Seelye and
12	Martyn Gallus, who we were who I was ultimately
13	reporting to on these issues. He's the senior vice
14	president with the company. Prepared them for
15	examination, cross-examination at the commission
16	level. Responded to document production requests and
17	requests for information submitted by a variety of
18	interveners, but principally NAS and the Kentucky
19	Industrial Utility Customers.
20	Q. Okay. Were you engaged in any
21	discussion with any of the interveners during this
22	period of time? And again, the period of time of
23	date of filing until the first informal conference on
24	April 28, 2004?
25	A. No, not no no substantive

1 There were discussions of the sort that discussions. 2 lawyers who are litigating with one another and have З no intention of settling have, which -- you know, posturing and, "What do you mean by this, we're not 4 5 going to provide you this," that -- I mean, that kind 6 of a discussion where you're trying to resolve 7 things -- resolve a discovery dispute or discovery 8 issue informally rather than formally. 9 Fair enough. But I take it, again, Ο. 10 except for the one conversation you've told us about with the staff, you had no communication with the 11 12 staff. 13 Ά. Staff was not involved. We responded 14 to staff. Staff prepared their own information requests and document requests that we responded to. 15 16 Q. Other than that, no communication? 17 Α. No communication. 18 Okay. Let's -- let me take you to the 0. 19 events of April the 28th, 2004. And I'll show you a 20 document that has your name on it, which is the 21 sign-in sheet for that particular conference, 22 informal conference. Tell me what you recall --23 well, first, I trust that is your signature? 24 No, it's not. Somebody must have done Α. 25 it for me, but I recall being there.

1 Ο. Fair enough. It did indicate that --2 your presence and you were there. I was there. I do recall being there. 3 Α. Fair enough. Tell me what you recall 4 Q. of the events of April 28, 2004, the informal 5 6 conference. 7 Α. Not much. There were some formal 8 meetings -- I say "formal meetings" -- where all parties were present in the small courtroom, the 9 10 small hearing room. There may have even been one in 11 the large hearing room. Discussion of -- and then a 12 lot of -- there were meetings that I attended, but 13 they were internal client meetings. They would not 14 have been meetings with a broader group of people. 15 And I really don't recall a lot of what was going on 16 in those big hearing rooms other than discussion 17 of -- very generalized discussion of order of 18 witnesses, how long we're going to -- you know, 19 that -- the kind of thing that you would typically 20 see at a prehearing conference. 21 Q . All right, sir. I take it you were 22 there all day --23 Α. Yes. 24 -- or do you recall? Q. 25 I was there all day. Α.

1 Q. Did you have any discussions that you recall on the merits of the case with North American 2 Stainless people --3 Α. 4 None. 5 -- on the 28th? Ο. 6 Α. None. 7 Do you have any recollection of Q. Okay. any conversation with any member of the staff on 8 April 28, 2004? 9 10 Α. Yes, I would have -- I've known 11 Richard Raff for many years in a strictly 12 professional capacity. I saw -- I saw him, I said, 13"Hello." 14 Other than the salutations with Ο, 15 Mr. Raff, anything else that you recall? 16 Ά. No. 17 Ο. Okay. And I take it you had no 18 conversations with any member of the commission on 19 that day. 20 Α. No. 21 Okay. April the 29th, which would Q . 22 have been a Thursday -- do you have a recollection of 23 having come to the Public Service Commission for any 24 meetings? 25 I didn't check my records, so I -- to Α.

see if I did. My recollection is that I did not, but 1 2 I could be wrong. 3 All right. Ο. 4 Α. I knew I was there on the 28th. Ι 5 remember that prehearing conference, but I don't 6 think I was there on the 29th. 7 Q. All right. So that I could give you 8 some reference for the week, April 30th, that would 9 have been a Friday, would have been Oaks Day, the day 10before Derby. Using that as some sort of a compass 11 reference point, does it help you to refresh your 12 recollection of the events of April 29th, if you 13 participated or not? 14 Α. I'm sure I worked. I don't recall being in -- in Frankfort on the 29th, but I could 15 16 have been. 17 Ο. Okay. With regard to the next day, April 30th, did you participate in any discussions 18 19 with anyone with regard to the two rate cases or 20 North American Stainless that you recall? 21 Α. I worked that day. I'm almost certain 22 it would have been in Louisville. I probably -- I'm 23 sure I -- because we were preparing for trial the 24 following week, I'm sure I discussed the issues that 25 I had responsibility for with one of four or five

people at LG&E. 1 2 Q. All right. З Α. But I -- but I cannot recollect who I 4 would have spoken with on that day precisely. 5 Q. Okay. To put this in context for you, 6 there was a meeting on April the 30th at the attorney general's office between various interveners, 7 8 including the attorney general, members of LG&E/KU 9 legal team. Did you participate in that? 10 Α. I don't believe I did. 11 Ο. Okay. And do you subsequently 12 remember any communication as a result of that 13 meeting with any member of the staff of the PSC on 14 April the 30th? 15I did not have any. Α. 16 Okay. All right. Let's move to the 0. 17 next week. Do you have a recollection of having 18 participated in the hearings? 19 Α. Yes. 20 Ο. Okay. And the next thing I'll show 21 you is a sign-in sheet for 5-4, May the 4th, that 22 bears your name. Is that your signature? 23 Α. That is my signature. 24 Q. Okay. I guess we could compare the 25 two to make sure, but fair enough. And you were

	20
1	there.
2	A. Yes, I was there.
3	Q. Tell me what you recall the events of
4	the day of May the 4th.
5	A. I recall the hearing being coming
6	to order, there being an adjournment because of a
7	settlement either settlement discussions or wrap
8	up of settlement negotiations that had that were
9	or had been taking place. I recall the folks from
10	North American Stainless wanting to discuss our
11	issues in the context of a possible is there any
12	way that we can settle? And I wasn't really in a
13	position I say "I" the utilities were not
14	really in a position to discuss that with them at
15	that time. We weren't putting them off, but we
16	didn't have anything to discuss with them.
17	So I was I continued my preparation
18	for the my part of the case on the assumption that
19	the worst thing that could happen to my client would
20	be for me to assume there would be a settlement,
21	only and only to have it fall through and me
22	having to try a case I'm not prepared to try. So I
23	had to keep focused on what I was responsible for
24	doing.
25	Q. All right. Do you have a recollection

of having communicated with the staff on May the 4th?
That would have been a Tuesday, first day of the
hearing.
A. Probably not May 4.
Q. Okay. Do you have a recollection of
having communicated with the commissioners on May the
4th?
A. No.
Q. Okay.
A. I may have greeted one.
Q. Okay. Who would that have been?
A. Ellen Williams.
Q. And when you say "greeted,"
salutation, hi?
A. Yeah, would have just said hello.
Q. Anything else?
A. No.
Q. Okay. I take it you're personally
familiar with Ms. Williams?
A. Yes.
Q. Other than the brief salutation with
Ms. Williams, any other conversations with any of the
other commissioners?
A. None. And I had no conversations with
her.

1 Ο. Mm-hmm. 2 During the adjournment, saw her in the Α. 3 hall, said, "Hello." She said, "Hello." We moved 4 on. 5 ο. Okay. I take it there was testimony 6 actually taken on the 4th. 7 Α. You know, there may -- I believe there was some testimony. I mean, I know there was 8 9 testimony taken, and then there was a lull while 10 there were discussions. And then there was --11 when -- and then when there wasn't a settlement, at 12 least from the attorney general's perspective, when 13 they backed out, the parties had to go back on the 14 record and put on some sort of a truncated case. 15 0. This is on May the 4th? 16 No, it wouldn't have been May 4th. Α. Ιt 17 would have been --18 During the week, okay. We'll walk Ο. 19 through that. I'm interested in what you were doing 20 on May the 4th and what the other parties were doing. 21 Were the other parties on May the 4th engaged in 22 negotiation? 23 Α. Some of them may have been. I would 24 not have known -- I knew there were discussions that 25 had been taking place on -- on settlement. On May 4

1	or May 5, we became heavily involved. I say "we."
2	My the people that I was reporting to, the people
3	that I was responsible for became heavily involved in
4	negotiating a settlement of our part of the case.
5	Q. "Our part" being North American
6	Stainless?
7	A. And the yeah, but also the
8	curtailable service rider issue, which was applicable
9	to all the industrial customers.
10	Q. Okay. That was am I understanding
11	this correctly on May the 5th as opposed to May 4,
12	or can you discern between the two?
13	A. I can't discern between the two. It
14	was in that it was in that time frame. And again,
15	I did not I have not had time to go back and
16	review my time notes. And I'm not sure that even if
17	I did review my time notes, that it would be that
18	precisely broken down.
19	Q. Okay. Were you physically in the same
20	room with all the interveners on May the 4th or were
21	you separated, preparing for the hearing?
22	A. Well, both. There was a period of
23	time when we were all in the same room. And then
24	there was a period of time when we were separated, or
25	when I would have they may have left stayed,

Г

and I would have left the room and -- and been 1 2 dealing with my clients. 3 Ο. Okay. To your knowledge, were all the interveners and LG&E/KU in the same room on May the 4 4th for the discussion? 5 6 I believe they were. I was not aware Α. 7 of any other private discussions. 8 ο. All right. Fair enough. On May the 9 5th -- and here's what I'm referencing and trying to 10 get an understanding for. It has been communicated 11 to me that you and the North American Stainless 12people and presumably LG&E and KU folks split off 13 into a separate room and had discussions that were 14 ongoing about North American Stainless issues. Do 15 you have a recollection of that? 16 Α. Oh, yeah. 17 0. Okay. And did that occur, to the best 18 of your knowledge, on May the 4th or was that the 19 next day, May 5th? 20 Α. I know it occurred on May 5. Did it 21 start May 4? I can't say that it did or didn't. 22 ο. Fair enough. 23 Α. I -- they were -- they kept prodding 24 us to meet with them, and I -- because -- we weren't 25 ready yet because of other issues that -- principally

Steve Seelye, who was one of our experts had -- was 1 2 involved in so many of these discussions, he couldn't break away to really provide us with the guidance 3 that we needed in order to arrive at a settlement or 4 5 have meaningful, substantive settlement negotiations 6 until we could get a few minutes of his time, and we 7 just couldn't get it. So when did we first get 8 Steve's attention? It could have been late May 4. 9 It could have also been first time, May 5. 10 Ο. Am I understanding your statement 11 correctly that the service curtailment issue 12 generally would have been discussed with the 13 interveners as a group and the North American 14Stainless issues, tariff and complaint discussed only 15 with North American Stainless, or am I not 16 understanding this correctly? 17 Α. That's not exactly correct. 18 Q. All right. Explain to me if there is 19 a distinction between the two. 20 Ά. What -- what North American Stainless 21 ultimately pays for electric service is a function 22 both of the tariff and the curtailable service rider. 23 So when we discussed with North American Stainless 24 the issues unique to their case and we arrived at 25 a -- at a form of a settlement with North American

1	Stainless on the basic tariff, it was contingent
2	on or was incomplete I don't want to say
3	contingent it was incomplete because there was a
4	curtailable service rider issue that North American
5	Stainless insisted upon and I'm sure we did too
6	that had to be worked out.
7	Also, because of the nature of the
8	load that North American Stainless presents the
9	utilities with, there had to be limits on the amount
10	of that of load that could be served by the
11	utilities under the tariff that was filed that
12	ultimately covered North American Stainless. We
13	the utilities couldn't take ten North American
14	Stainlesses. They didn't have the capacity. Their
15	demand charge was just out broke through the roof
16	as it was. Any more of that kind of a load and
17	and the they would have had to build some power
18	plants in Muhlenberg County to service it.
19	The problem so what we had to do
20	was also go to KIUC, the Kentucky Industrial Utility
21	Customers, and get their buy into that load
22	restriction that we negotiated with NAS in the tariff
23	classification to which they were going to fit,
24	because other KIUC customers may say, "Hey, this
25	is" "we'd like that" "that also, that

I

opportunity." 1 2 So all of that occurred on the 4th and Ο. 3 5th, then, I take it. 4 Α. Yes. We discussed -- and so when we 5 brought in KIUC to get their approval on the one, 6 they were trying to leverage their approval -- my 7 view -- to get some concession on the curtailable 8 service rider. And then ultimately there was a 9 proposal for an energy surcredit which was a part of 10 the settlement discussions that ultimately were --11 was worked out and ultimately rejected, but in a 12 convoluted sort of fashion. 13 Q. Okay. By the close of business 14May 5th, close of business the end of the day on May 5th, had you reached agreement -- "you" being 1516 LG&E/KU -- with North American Stainless? 17 I think for the most part we were --Ά. either we had reached agreement or we were real real 18 19 close. 20 Okay. And were your results reported Q. 21 back to the main group conversation between the 22 interveners, LG&E, KU? 23 Yes, but I can't say that it was Α. 24 reported back on May 5th or whether it was reported 25 back on May 6th. But it was reported back certainly

1	in that in that time frame. It was the the
2	because we had actually I had written the
3	settlement up. There was a rather complicated
4	formula that we had derived I expressed, but I was
5	mostly just a scrivener. I didn't come up with it.
6	It would have been come up with by, you know, the
7	engineering people at at the utility.
8	And we announced what the nature of
9	our settlement was for the main group of interveners,
10	being a a large industrial tariff classification,
11	which North American Stainless would fit in; and a
12	rate structure for that tariff for for them; an
13	agreement on a curtailable service rider for not just
14	North American Stainless, but all the industrials;
15	and then a proposal for an energy surcredit,
16	that because the attorney general did not agree
17	with the energy surcredit on a substantive basis, the
18	attorney general, the industrials, North American
19	Stainless and the utility agreed to present the
20	energy surcredit issue to the staff of the Public
21	Service Commission.
22	And if they agreed with the energy
23	surcredit, that it would become a part of the
24	settlement to be proposed to the commission with no
25	guarantee the commission would accept it or reject

1 But if the commission staff did not agree to the it. energy surcredit, then the industrials and the 2 3 utilities agreed to withdraw the proposal, let it drop, and have the settlement recommended to the 4 5 commission without the energy surcredit as a part of 6 it. That was the agreement that was reached with the 7 attorney general. 8 Ultimately, in an open meeting in 9 which the commission staff participated, we presented 10 that part of the settlement. I don't know if it 11 was -- I think it was the next week, but -- I believe 12 it was the next week the commission staff got back to 13 us, said they didn't like the energy surcredit. So 14 as a part of our agreement with the attorney general 15 and the industrials, the energy surcredit was removed from the settlement package. 1.6 17 Ο. Okay. Did the staff participate in 18 your discussions on May 4th, 5th or even the 6th with 19 North American Stainless? 20 Only in a kind of tangential way. Α. 21 There was a point at which Richard Raff was inquiring 22 as to what progress we were making and could he help 23 us and --24 Except for that communication, any Ο. 25 communication with the staff?

1 Α. Not directly. My understanding is 2 that Jeff Shaw was probably the person on the 3 commission staff most responsible for evaluating the 4 energy surcredit issue and the issues that we were 5 responsible for, and he apparently recommended 6 against agreeing to the energy surcredit. But I did 7 not have a specific conversation with Mr. Shaw about 8 that. I'm not aware of anybody who -- who did. I do know that he was in the room -- the small hearing 9 10 room when the settlement was described and when the 11 energy surcredit was described and --12 Ο. This was to all the parties? 1.3Α. Yes. And the attorney general was 14 there. The -- all the industrials were there. 15 Kroger, the -- whoever -- you know, they had a whole 16group of interveners, and the utilities. 17 MR. BALLANTINE: Can we go off the 18 record for 30 seconds? 19 MR. GOLDBERG: Sure. 20 (OFF THE RECORD) 21 Q, Let me take you back to what I think 22 is May the 5th, and let me ask you what you recall 23 with regard to the rate case discussions between 24 LG&E, KU and the interveners, specifically the 25 attorney general.

1 Α. I did not participate in those 2 discussions. The only thing I knew would have been 3 what someone else would have told me and general 4 impressions. 5 Ο. So you had no firsthand knowledge of 6 any agreements of any kind that were negotiated with 7 the attorney general on May 3rd, 4th or 5th. 8 Α. I would not have had firsthand 9 knowledge. It would only have been secondhand. 10 Q. Okay. And further, do I take it that 11 you were not in the room at any time when it was 12 announced by any member of the staff of the attorney 13 general that previous understandings were not the 14understanding that the attorney general actually had? 15 Α. I remember being in a big hearing room 16 at which Mr. Howard made some reference to the fact 17 that they had -- they didn't have -- they had been 1.8 instructed not to agree. 19 Okay. Tell me generally what you ο. 20 recall of that. You were in the room during that 21 period of time. 22 Α. There was a -- yes. There was a 23 hearing in the big hearing room. 24 Ο. Was it an on-the-record hearing or was 25 it a negotiation, or do you recall?

I don't recall. My sense is that it 1 Α. 2 was probably on the record, but I could be mistaken. 3 Q. Fair enough. Tell me what you 4 generally recall of what Mr. Howard said. 5 Α. I don't recall specifically. I only 6 have a general recollection that he acknowledged that 7 he had been instructed that -- that they weren't able 8 to settle on the revenue requirement issue, and they had -- Mr. -- his boss had some problems with it. 9 10 Ο. Okay. And do you recall using the two dates, May 4th and May 5th, where that conversation 11 12 from Mr. Howard occurred on either of those two days 13 or --14 Α. I can't say. 15 -- can you place it? Ο. 16 I -- I can't say. Α. 17 Q. Fair enough. Let me show you May 5th sign-in sheet, and I think you'll see your name at 18 19 the bottom. Is that your signature? 20 Α. Yes. 21 Okay. Now, on May the 5th, do you Q. 22 have a recollection of the attorney general actually 23 coming to the Public Service Commission? 24 I can't say the specific day. Α. Ι 25 remember being graced with his presence.

1 Ο. All right. Do you recall 2 participating in any conversations with him 3 personally? 4 Α. No. 5 Ο. Okay. Do you have any recollection of 6 any meeting between he and members of the LG&E/KU 7 legal team? 8 Α. I don't recall any. 9 Ο. Okay. Were you present, either on May 10 the 5th or May the 6th -- and actually I'll represent 11 it to you for brevity purposes as May the 6th -- when 12 Mr. Raff went on record discussing a radio address 13 that he'd heard that morning? 14 Α. Yes, I was there. 15 Tell me what you recall of that Ο. Okay. 16 chain of events. And for the record, here is the 17 May 6th sign-in sheet that bears your name. Is that 18 your signature? 19 Α. Yes. 20 Q. Okay. 21 Α. At that point it was clear that the 22 attorney general had backed out of the settlement, 23 and there had been some accusation or allegation by 24 Mr. Stumbo at -- either at a press conference or in a 25 radio interview of some sort that something was wrong

1	with the way the settlement was negotiated. And I
2	I can't say that I recall more specifically what his
3	accusation was then. I've since learned what he had
4	in mind, or at least I've since learned some of the
5	things that he was been complaining about. So I
6	can't say fit in time exactly when I became
7	specifically aware of his complaints.
8	I do know that Mr. Raff I remember
9	him going on the record in the big hearing room,
10	commission members presiding, everybody seated at
11	their normal place as if they were in trial, and him
12	inquiring about the those statements and the
13	support for those statements and wanting to make a
14	record to either put the truth or put the lie to
15	to those statements.
16	Q. All right. To see if I can refresh
17	your recollection a little bit, do you have a
18	recollection that the allegations the attorney
19	general was making were that there were ex parte
20	communications, inappropriate behavior, and/or
21	collusive behavior with regard to the the
22	proceeding at the Public Service Commission?
23	A. I know that I know now and I
24	learned shortly thereafter and I may have even known
25	then that that was the nature of his accusations. I

can't say that I knew at that time that those were 1 precisely his accusations, but I do remember --2 ex parte behavior and inappropriate discussions, I'm 3 sure I knew at the time. 4 All right, sir. Do you recall after 5 Ο. Mr. Raff made his statement, what course of action 6 7 was taken in the hearing room? There was a lot of people either 8 Α. making statements or asking questions of others as to 9 10 their knowledge of any of this sort of in --11 allegedly inappropriate activity taking place. Τ 12 believe there may have been some questions from the 1.3chair of the commission. I think that Mr. Riggs, our lead counsel for the utilities, may have made some 14 15 statements and asked some questions. And I believe 16 that a number of people were asked to state if they 17 were aware of any inappropriate behavior taking place 18 in any of these -- at all between any of the parties. 19 Do you have a recollection of the Q. 20 chairman having gone around the room to all persons 21 in the room who participated in the hearings and 22 asking them whether they knew of ex parte, inappropriate, collusive behavior? 23 24 I remember that. Α. 25 All right, sir. And to your Q.

PSCI01376

recollection, did anyone stand up and say they knew 1 2 of such behavior? No. No one stood up and said they 3 Α. were aware of such behavior. Every -- and my 4 recollection is -- and I think there ought to be a 5 record of this or a transcript or a video of it of 6 some sort because I think it was on the record --7 everybody said they were unaware of any of this kind 8 of behavior, and no one admitted participating in it. 9 All right, sir. Do I take it that by 10 Ο. close of business May 6th, your participation as it 11 relates to North American Stainless issues had come 12 13 to an end? 14 Α. Well, not exactly because we had a meeting the following week that I attended to --15 16 May the 12th? Q. 17 Α. Yes, wrap up some matters, I believe. Is that your signature or did somebody 18 Ο. put that down there for you? 19 20 That's mine. Α. So that of the five days in question, 21 Ο. we only have one signature that appears not to be 22 23 yours? That's right, but I -- that one 24 Α. signature someone put it there obviously with my 25

PSCI01377

1 authorization. Okay. Fair enough. Tell me what you 2 Ο. 3 recall of May the 12th. May 12th was a wrap-up. And I think 4 Α. May 12th now is the time when the commission staff 5 told us they nixed the idea of the energy surcredit. 6 7 I think that's when they announced that. Am I correct that the settlement 8 Ο. 9 agreement had -- on that day was presented to the 10 commissioners? 11 Α. Right. Okay. And is it also my understanding 12 Q. that the only thing that ended up not being resolved 13 14 was revenue requirement on electricity as to KU? That's my general understanding. 15 Α. 16 Q. Fair enough. 17 Α. I never was responsible for that part, 18 so I -- I ... 19 Ο. Is it fair to say that all issues 20 related to things you were responsible for were 21 resolved as of end of hearing May 12th? 22 Α. Oh, absolutely. Do you have a recollection of 23 Ο, Okay. 24 the commissioners making a ruling in this matter? 25 Α. Yeah. Sometime six weeks later or

PSCI01378

1 thereabouts.

1	thereabouts.
2	Q. I'm going to represent to you it was
3	on June 30th, 2004. First let me ask you, other than
4	what you've told me about as your communication with
5	the staff, do you have a recollection of any other
6	communication with the staff at any time during the
7	period May the 4th, first day of actual hearing,
8	through decision on June the 30th, 2004?
9	A. Other than what I told you about, I
10	had no communications with any member of the staff or
11	any member of the commission about the case or about
12	anything else between May 4 and June 30.
13	MR. GOLDBERG: All right, sir. That's
14	all I have, Mr. Sales. Thanks much.
