| AMOUNT UP TO \$700 MILLION FOR A TERM OF UP | ) |            |
| TO FIVE YEARS                               | ) |            |

ORDER

East Kentucky Power Cooperative, Inc. ("East Kentucky") has applied to the Commission for approval of an unsecured revolving credit facility in an amount up to \$700 million for a term of up to five years. In its filing, East Kentucky requested permission to deviate from certain filing requirements of Administrative Regulation 807 KAR 5:001, Section 11.

Specifically, East Kentucky has requested permission to deviate from Administrative Regulation 807 KAR 5:001, Section 11, which requires financing applications to include a detailed description of the property being acquired, constructed, improved or extended and maps and plans of the proposed property and constructions together with detailed cost estimates. In support of its deviation request, East Kentucky states that the information is already on file with the Commission in the records of pending Case Nos. 2004-00423<sup>1</sup> and 2005-00053<sup>2</sup>, in which authority is being requested to construct the proposed property.

---

<sup>1</sup> Case No. 2004-00423, Application of East Kentucky Power Cooperative, Inc. for a Certificate of Public Convenience and Necessity, and a Site Compatibility Certificate, for the Construction of a 278 MW (Nominal) Circulating Fluidized Bed Coal Fired Unit in Mason County, Kentucky.

<sup>2</sup> Case No. 2005-00053, Application of East Kentucky Power Cooperative, Inc. for a Certificate of Public Convenience and Necessity, and a Site Compatibility Certificate, for the Construction of a 278 MW (Nominal) Circulating Fluidized Bed Coal Fired Unit and Five 90 MW (Nominal) Combustion Turbines in Clark County, Kentucky.

Administrative Regulation 807 KAR 5:001, Section 14, provides the Commission with the authority to permit deviations from its regulations for good cause shown. Having reviewed the filing and being otherwise sufficiently advised, the Commission finds that the required information is already on file in Case Nos. 2004-00423 and 2005-00053 and that is sufficient to enable the Commission to review adequately East Kentucky's application.

IT IS THEREFORE ORDERED that East Kentucky's request for permission to deviate from the filing requirements of Administrative Regulation 807 KAR 5:001, Section 11, is granted.

Done at Frankfort, Kentucky, this 11<sup>th</sup> day of July, 2005.

By the Commission
