O R D E R

On December 4, 2006, the Commission received a complaint from Robert D. Peters against Western Rockcastle County Water Association (“Western Rockcastle”) seeking a remedy for certain water pressure problems alleged to have occurred during the past approximately 20 years, partial reimbursement for water payments made during this period, and related damages.

Western Rockcastle answered the complaint on February 6, 2007. In its answer, Western Rockcastle stated that “[l]egitimate complaints by Robert D. Peters have previously been fully addressed,” and that it “continues to work towards solving the pressure problem of [Mr. Peters].” Western Rockcastle attached several documents to its answer in support of its claim.

Based on this information, the Commission ordered Mr. Peters to “inform the Commission as to whether Western Rockcastle has addressed the concerns articulated in the complaint and whether Mr. Peters’ complaint should be dismissed as satisfied.”

In its Order, the Commission stated that if no response was filed by May 14, 2007, the complaint would be dismissed.

No response has been received from Mr. Peters, and accordingly, the Commission finds that the complaint has been satisfied. To the extent that Mr. Peters claimed damages for past pressure problems, the Commission has no jurisdiction over claims for damages.¹

IT IS THEREFORE ORDERED that:

1. This case is dismissed and removed from the Commission's docket.
2. This is a final and appealable Order.

Done at Frankfort, Kentucky, this 1st day of June, 2007.
