SECOND DATA REQUEST OF COMMISSION STAFF TO
LOUISVILLE GAS AND ELECTRIC COMPANY AND KENTUCKY UTILITIES
COMPANY

Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU"), pursuant to 807 KAR 5:001, are to file with the Commission the original and 7 copies of the following information, with a copy to all parties of record. The information requested herein is due October 5, 2007. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

LG&E and KU shall make timely amendment to any prior responses if they obtain information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which LG&E and KU fail or refuse to furnish all or part of the requested information, LG&E and KU shall provide a written explanation of the specific grounds for their failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

1. Refer to the last page of the application.

a. The companies propose to modify the calculation of the incentive to employ the method used for the Education and Load Control programs. Provide an example of what the incentive would be under the existing method and under the proposed new methodology for a program other than Education and Load Control.

b. Explain why LG&E and KU chose to adopt the methodology from the Education and Load Control programs for all the programs rather than adopting the methodology from the other programs for the Education and Load Control programs.
