LOUISVILLE GAS AND ELECTRIC COMPANY

Louisville Gas and Electric Company ("LG&E"), pursuant to 807 KAR 5:001, is to file with the Commission the original and 7 copies of the following information, with a copy to all parties of record. The information requested herein is due on or before November 14, 2007. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

LG&E shall make timely amendment to any prior responses if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which

LG&E fails or refuses to furnish all or part of the requested information, LG&E shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

1. Refer to the response to the September 19, 2007 Order, Appendix B ("First Request"), Item 1(b), page 2 of 5. Using both an adding machine and Excel spreadsheet, Staff cannot duplicate the results shown in columns 7 and 9 on this page. Verify the calculations and provide any clarifications.

2. Refer to the response to the First Request, Item 2. LG&E has determined it experienced a cumulative net under-recovery of the environmental surcharge of \$839,948. Provide a breakdown of the cumulative amount showing the components which make up the net under-recovery. Include a calculation of each component or references in the record showing the calculation of each component.

3. Refer to the response to the First Request, Item 9. Using a format similar to that shown in the response to Item 1(b), page 5 of 5, provide the calculations used to determine LG&E's jurisdictional electric capitalization as of February 28, 2007.
