O R D E R

On July 9, 2007, Overland Development, Inc. submitted a proposed tariff to allow free water service to James C. Taylor and a rate reduction for leaks and filling a swimming pool. The Commission, having reviewed the proposed tariff and being sufficiently advised, finds that, pursuant to KRS 278.190, further proceedings are necessary to determine the reasonableness of the proposed tariff. Because the proposed tariff did not state an effective date, it shall not go into effect until approved by the Commission.

IT IS THEREFORE ORDERED that this proceeding is established to investigate the reasonableness of the proposed tariff.

Done at Frankfort, Kentucky, this 7th day of December, 2007.
