O R D E R

On November 2, 2007, Shared Sites, LLC, as the ultimate owner of American Cellular Corporation ("Shared Sites"), filed an application requesting the issuance of a Certificate of Public Convenience and Necessity ("CPCN") to construct, maintain, and operate a wireless telecommunications facility located at 906 Old Perryville Loop, Springfield, Kentucky, in an area that is unzoned and outside the jurisdiction of a planning commission. Several local property owners were granted intervention and the Commission scheduled a formal hearing for June 11, 2008.

On June 2, 2008, Shared Sites informed the Commission and parties, by letter, that Shared Sites, citing engineering concerns, would not be constructing a tower at the proposed site. Shared Sites requested that the Commission remove the application from its docket.

The Commission finds that good cause exists to grant the request of Shared Sites to withdraw its application for a CPCN.

IT IS THEREFORE ORDERED that:

1. The June 11, 2008 hearing is cancelled.
2. The motion of Shared Sites to withdraw its application is granted.
3. This case is closed and removed from the Commission's docket.

Done at Frankfort, Kentucky, this 9<sup>th</sup> day of June, 2008.
