1. At page 2 of its January 10, 2008 motion, LG&E states that it and Kentucky Utilities Company (“KU”) cannot synchronize their late payment policies outside of a general rate case because of the revenue impact. State and explain all other reasons, if any, why LG&E and KU cannot synchronize their late payment policies.

2. State whether, once the new LG&E and KU customer care system (“CCS”) is implemented, LG&E and KU can more easily change the payment due date of customer bills. Explain fully the steps involved and time required to make such a change.

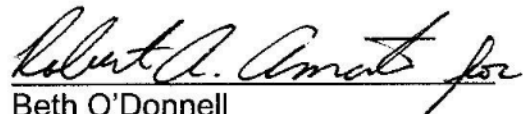

3. LG&E stated in its application that it plans to implement the new CCS in February 2009.

a. Explain why February 2009 was chosen as the implementation date.

b. Provide the costs LG&E and KU have each incurred to date to develop the new CCS.

c. Provide the total cost LG&E and KU are each projected to incur for the new CCS.

d. Provide and explain any additional costs to LG&E and to KU if, at its current point of development, the CCS process is suspended for 6 months, 12 months, and 18 months.
