

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF KENERGY CORP. FOR	)	
A CERTIFICATE OF CONVENIENCE AND	)	CASE NO.
NECESSITY FOR THE 2007-2010 WORK	)	2007-00453
PLAN	)	

ORDER

Kenergy Corp. ("Kenergy") filed its application on October 18, 2007 for a Certificate of Public Convenience and Necessity ("CPCN") to construct certain improvements and additions to its existing plant at an estimated cost of \$29,431,874. In support of its application Kenergy filed its 2007-2010 Work Plan which describes in detail the improvements and additions to its plant that are required to serve its load.

Kenergy seeks authorization to construct extensions and additions to its plant as follows:

1. New Construction	\$11,816,411
2. New Tie Lines	27,800
3. Line Conversions	4,778,270
4. Substation Improvements	35,150
5. Miscellaneous Distribution Equipment	11,627,643
6. Security Lights	<u>1,146,600</u>
TOTAL	\$29,431,874

The proposed construction will enable Kenergy to continue to provide adequate and dependable electric service to its customers. The system improvements

recommended in this Work Plan will not duplicate existing facilities and are needed to correct voltage problems, improve phase balance, and provide for improved service reliability.

Based on the application, the supporting 2007-2010 Work Plan, and being otherwise sufficiently advised, the Commission finds the proposed improvements and additions to be constructed by Kenergy are necessary to provide adequate, reliable, electric service to existing customers and anticipated new customers.

IT IS THEREFORE ORDERED that Kenergy is granted a CPCN to construct the facilities described in its 2007-2010 Work Plan.

Done at Frankfort, Kentucky on 28<sup>th</sup> day of March, 2008.

By the Commission
