ORDER

Crittenden-Livingston County Water District (“Crittenden District”) has applied to the Commission for authority to issue certain securities in the approximate principal amount of \$1,935,000 for the purpose of refunding certain outstanding waterworks revenue bonds. In its filing, Crittenden District requested permission to deviate from the filing requirement of Administrative Regulation 807 KAR 5:001, Section 6, which requires the submission of a detailed financial exhibit for the period ending not more than 90 days prior to the date of the application.

In support of its request for permission to deviate from this requirement, Crittenden District states that its most recent detailed Statement of Revenue and Expenses, Balance Sheet, and Statement of Cash Flows are for the 12 months ended December 31, 2006 and that the remaining financial exhibits are contained in its 2007 Annual Report on file with the Commission. Crittenden District further states that this is

the most recent financial data available and that no extraordinary circumstances have occurred since December 31, 2006 that would alter its financial condition and operation.

Administrative Regulation 807 KAR 5:001, Section 14, provides the Commission with the authority to permit deviations from its regulations for good cause shown. Having reviewed the filing and being otherwise sufficiently advised, the Commission finds that the requested deviation is reasonable and should be granted.

IT IS THEREFORE ORDERED that Crittenden District's request for permission to deviate from the 90-day filing requirement set forth in Administrative Regulation 807 KAR 5:001, Section 6, is granted.

Done at Frankfort, Kentucky, this 2nd day of May, 2008.
