In the Matter of:

TARIFF FILING OF WESTERN	)	
ROCKCASTLE WATER ASSOCIATION	)	CASE NO. 2014-00288
TO REVISE ITS METER CONNECTION	)	
CHARGE	)	

ORDER

On August 8, 2014, Western Rockcastle Water Association, Inc. ("Western Rockcastle") submitted an application for authority to revise its meter connection charge through the Commission's tariff filing system. Finding further proceedings were necessary to determine the reasonableness of the proposed increase, the Commission issued an Order on August 22, 2014, suspending the proposed charge from September 7, 2014, up to and including February 6, 2015. On September 19, 2014, Commission Staff issued its first request for information via electronic mail with responses due by October 6, 2014. Due to technical difficulties, Western Rockcastle was unable to electronically view Commission Staff's September 19, 2014 request for information, but Western Rockcastle did not notify the Commission of the difficulty until October 9, 2014. By letter dated October 9, 2014, from Jeff Derouen, Executive Director of the Commission, Western Rockcastle was provided a printed copy of Commission Staff's request for information and given until October 24, 2014, to respond. On October 22, 2014, Western Rockcastle, through Monarch Engineering, Inc., requested a 30-day extension to respond to Commission Staff's first request for information citing the

extensive volume of information to be gathered. On November 18, 2014, Western Rockcastle filed responses to Commission Staff's request for information. Western Rockcastle has provided adequate evidence of the individual expenses incurred to provide the services associated with the proposed charges.

The Commission, having reviewed the record and being sufficiently advised, finds that:

1. The proposed meter connection charge is equal to the expenses incurred to provide the associated services.

2. The charge set forth in the Appendix to this Order is fair, just, and reasonable and should be approved.

IT IS THEREFORE ORDERED that:

1. Western Rockcastle's proposed meter connection charge is approved.

2. The charge in the Appendix is approved for services rendered on and after the date of this Order.

3. Within 20 days of the date of this Order, Western Rockcastle shall file with the Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets showing the rates approved herein.

By the Commission
