

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED GAS ADJUSTMENT	)	CASE NO.
FILING OF BLUEGRASS GAS SALES, INC.	)	2025-00378

ORDER

On November 24, 2025, Bluegrass Gas Sales, Inc. (Bluegrass) filed its proposed Gas Cost Recovery (GCR) rate report to be effective January 1, 2026. Bluegrass's previous GCR rate was approved in Case No. 2025-00285.<sup>1</sup>

LEGAL STANDARD

The Commission's standard of review for GCR rates is well settled as stated in KRS 278.274(1):

In determining whether proposed natural gas utility rates are just and reasonable, the commission shall review the utility's gas purchasing practices. The commission may disallow any costs or rates which are deemed to result from imprudent purchasing practices on the part of the utility.

Further, the utility has the burden to prove the rates are just and reasonable and the Commission may reduce the purchased gas component of the utility's rates, or the

rates charged by an affiliated company to the extent the amount is deemed to be unjust or unreasonable.<sup>2</sup>

### DISCUSSION

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that Bluegrass's report includes revised rates designed to pass on to its customers an expected change in gas costs. Bluegrass's report sets out an Expected Gas Cost (EGC) of \$5.9982 per Mcf, which is an increase of \$0.4216 per Mcf from its previous EGC of \$5.5766 per Mcf. Bluegrass's report sets out no Refund Adjustment. Bluegrass's report sets out a current quarter Actual Cost Adjustment (ACA) of (\$0.0247) per Mcf. Bluegrass's total ACA is \$0.6060 per Mcf, which is a decrease of (\$0.0097) per Mcf from its previous total ACA of \$0.6157 per Mcf. Bluegrass's report sets out a current quarter Balance Adjustment (BA) of \$0.0480 per Mcf. Bluegrass's total BA is (\$0.0372) per Mcf, which is an increase of \$0.0373 per Mcf from its previous total BA of (\$0.0745) per Mcf.

Bluegrass's report sets out a GCR rate of \$6.5670 per Mcf, which is an increase of \$0.4492 per Mcf from its previous GCR rate of \$6.1178 per Mcf. The Commission finds that the inputs, resulting components and calculation of Bluegrass's proposed GCR rate of \$6.5670 per Mcf to be reasonable. The Commission further finds that the rates set forth in the Appendix to this Order are fair, just and reasonable and should be approved for service rendered by Bluegrass on and after January 1, 2026.

For the purpose of transparency and to maintain a record of information for future use, the Commission finds that Bluegrass should submit all invoices it receives along with

its monthly usage reports for each month of the reporting period when it files its future GCR rate reports. Should Bluegrass purchase sustainable natural gas from a renewable source during the reporting period of any future GCR reports then the supplier, cost, and amount must be documented in its cover letter to the Commission.

IT IS THEREFORE ORDERED that:

1. The rates proposed by Bluegrass and set forth in the Appendix to this Order are approved for service rendered on and after January 1, 2026.
2. Bluegrass shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports.
3. Should Bluegrass purchase sustainable natural gas from a renewable source during the reporting period of any future GCR reports, then the supplier, cost, and amount shall be documented in its cover letter to the Commission.
4. Within 20 days of the date of service of this Order, Bluegrass shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the rate approved herein and reflecting that it was approved pursuant to this Order.
5. This case is closed and removed from the Commission's docket.
