In the Matter of:

ELECTRONIC APPLICATION OF MARTIN COUNTY WATER DISTRICT TO ENTER INTO A LEASE FOR SERVICE TRUCKS	)))	CASE NO. 2025-00249

O R D E R

On November 6, 2026, Martin County Water District (Martin District) filed a motion requesting an extension of time (Motion) of 45 days to submit its responses to Commission Staff's Second Request for Information (Staff's Second Request).[1] Pursuant to Staff's Second Request issued on October 27, 2026, Martin District was to file its responses by November 17, 2026.[2]

Martin District stated in its Motion that the primary basis for the extension of time to respond is the timing of the district's anticipated Kentucky WWATERS funding.[3] Martin District stated its original filing identified approximately $3.29 million in approved funding designated for debt retirement.[4] Martin District argued the receipt and application of those funds are directly relevant to several of the requests for information, including the identification of debt to be retired with grant funds, the calculation of remaining debt service, the district's revenue requirement under both the debt-coverage and operating-

ratio methods, and whether the Debt Service Surcharge will continue to be necessary after the grant funds are applied.[5] Martin District also stated that the additional time would allow the district to determine whether a consultant is necessary and give a possible consultant time to review and prepare financial information.[6]

The Commission, having considered Martin District's motion, finds that good cause exists to grant an extension of 45 days, until December 28, 2026, for Martin District to file its responses to Staff's Second Request.

IT IS THEREFORE ORDERED that Martin District's motion for an extension of time is granted.
