

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN ELECTRONIC EXAMINATION OF THE)	
APPLICATION OF THE FUEL ADJUSTMENT)	CASE NO.
CLAUSE OF LOUISVILLE GAS AND ELECTRIC)	2025-00341
COMPANY FROM NOVEMBER 1, 2022)	
THROUGH OCTOBER 31, 2024.)	

COMMISSION STAFF'S THIRD REQUEST FOR INFORMATION
TO LOUISVILLE GAS AND ELECTRIC COMPANY

Louisville Gas and Electric Company (LG&E), pursuant to 807 KAR 5:001, shall file with the Commission an electronic version of the following information. The information requested is due on March 20, 2026. The Commission directs LG&E to the Commission's July 22, 2021, Order in Case No. 2020-00085¹ regarding filings with the Commission. Electronic documents shall be in portable document format (PDF), shall be searchable, and shall be appropriately bookmarked.

Each response shall include the question to which the response is made and shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the

¹ Case No. 2020-00085, *Electronic Emergency Docket Related to the Novel Coronavirus COVID-19* (Ky. PSC July 22, 2021), Order (in which the Commission ordered that for case filings made on and after March 16, 2020, filers are NOT required to file the original physical copies of the filings required by 807 KAR 5:001, Section 8).

response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

LG&E shall make timely amendment to any prior response if LG&E obtains information that indicates the response was incorrect or incomplete when made or, though correct or complete when made, is now incorrect or incomplete in any material respect.

For any request to which LG&E fails or refuses to furnish all or part of the requested information, LG&E shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied and scanned material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, LG&E shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Regarding the repeal of the "Endangerment Finding" in Section 202(a) of the Clean Air Act:

a. Explain how its repeal affects LG&E's current and future planning in its environmental compliance strategy.

b. Explain how its repeal affects LG&E's current and future operating strategy.

c. Explain whether its repeal affects LG&E's current and future planning as it relates to controls for any pollutant limitations listed in the National Ambient Air Quality Standards.

d. If not discussed above, explain whether LG&E is aware of any pending relaxation of environmental control standards that may affect its current level of compliance related to fossil fuel generation.

2. Refer to LG&E's Response to Commission Staff's Second Request for Information (Staff's Second Request), Item 10. Of the 723 reserve shutdowns due to generation load not being needed, explain whether the phrase "generation not being needed" also means that there were no off system sales opportunities outside the LG&E/KU system available.

3. Refer to LG&E's Response to Staff's Second Request, Item 14. For non-fuel generation costs and with the recent elimination of the "endangerment clause" in Section 202(a) of the Clean Air Act, explain how that affects LG&E's plans for the continued use of its environmental controls. Include in the response whether it can simply choose not to run its pollution control equipment or if there is a timeline to phasing out the use of its controls.
