In the Matter of:

PURCHASED GAS ADJUSTMENT)
FILING OF THE UNION LIGHT,) CASE NO. 9029-A
HEAT AND POWER COMPANY)

O R D E R

On October 24, 1984, the Commission issued its Order in Case No. 9029, approving certain rates and providing for adjustments of these rates on a quarterly basis in accordance with the provisions of the gas cost adjustment clause set forth therein.

On November 30, 1984, The Union Light, Heat and Power Company ("Union") filed its revised quarterly gas cost adjustment which is to become effective January 1, 1985, and is to remain in effect until March 29, 1985. The filing reflected the addition of a new supplier, Gas Ohio Transport, Inc.

After reviewing the record in this case and being advised, the Commission is of the opinion and finds that:

(1) Union's notice of November 30, 1984, set out certain revisions in rates which Union proposed to place into effect, said rates being designed to pass on the wholesale decrease in gas costs from its suppliers in the amount of \$921,887 or 7.4 cents per Mcf.

(2) Union's notice set out a total refund adjustment of 2.9 cents per Mcf, replacing the previous adjustment of 2.2 cents

per Mcf. This adjustment includes a current quarter supplier refund of \$91,890 plus interest which is due Union's customers.

(3) Union's notice set out a total actual adjustment of 14.5 cents per Mcf to compensate for previous under-recovery of gas cost by the company through the operation of its gas cost recovery procedure.

(4) Union's notice set out a balance adjustment of 5.4 cents per Mcf to compensate for over- and under-collections which occurred as a result of previous gas cost, refund and balance adjustments.

(5) Union proposed a gas cost recovery rate for exempt customers in the amount of \$5.054 per Mcf, a decrease of \$0.128 per Mcf. This decrease represents the combined effect of the supplier decrease, refund, actual and balancing adjustments.

(6) Union's adjustment in rates set out in the Appendix to this Order is fair, just and reasonable and in the public interest and should be effective with bills rendered on and after January 1, 1985.

IT IS THEREFORE ORDERED that the rates in the Appendix to this Order be and they hereby are authorized effective for bills rendered on and after January 1, 1985.

IT IS FURTHER ORDERED that the gas cost recovery rate for exempt customers shall be \$5.054 per Mcf effective for bills rendered on and after January 1, 1985.

IT IS FURTHER ORDERED that within 30 days of the date of this Order, Union shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 28th day of December, 1984.
