

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

\* \* \* \* \*

In the Matter of:

REQUEST BY CUMBERLAND VALLEY FOR )  
AUTHORIZATION TO USE OUTSIDE METER ) CASE NO. 9301  
TESTING SERVICE )

O R D E R

The Commission received a letter from Cumberland Valley Rural Electric Cooperative Corporation ("Cumberland Valley") on January 14, 1985, in which it requested approval from the Commission to use the services of Messrs. Orbin and David McGeorge, as required, to test meters. A copy of the Meterman's Certificate for each man was enclosed.

The Commission, having considered the evidence of record and being advised, is of the opinion and finds that:

1. Messrs. Orbin and David McGeorge are competent meter testers and were issued a Meterman's Certificate by the Commission on October 17, 1960, and October 12, 1979, respectively, and both men are familiar with the Commission's rules and regulations pertaining to meter testing.
2. Cumberland Valley occasionally needs additional meter testing services and the utilization of experienced certified metermen who reside within or near its

service area is the most practical and economical method to accommodate this need. Therefore the request by Cumberland Valley should be approved.

IT IS THEREFORE ORDERED that the request by Cumberland Valley to use the meter testing services of Messrs. Orbin and David McGeorge be and it hereby is approved subject to the condition that Messrs. McGeorge retain their status as Commission Certified Metermen.

Done at Frankfort, Kentucky, this 17th day of April, 1985.
