

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ADJUSTMENT OF RATES OF AT&T)
COMMUNICATIONS OF THE SOUTH) CASE NO. 9889
CENTRAL STATES, INC.)

O R D E R

On March 25, 1987, AT&T Communications of the South Central States, Inc., ("AT&T") filed the following motions in the instant case:

1. For a deviation from the requirements of 807 KAR 5:001, Section 6, regarding the filing of a financial exhibit covering a 12-month period ending not more than 90 days prior to the filing date for the application; and that the financial exhibit, as filed, consist exclusively of a detailed income statement, with adjustments.

As grounds for this motion, AT&T states that its proposed financial exhibit will cover the 12 months ended December 31, 1986, which is 100 rather than 90 days prior to the filing date. AT&T further states that the additional information required by 807 KAR 5:001, Section 6, is provided as part of its annual report for 1986 which has already been filed with the Commission.

2. To dispense with the requirement of 807 KAR 5:001, Section 10(2)(b), that it provide an analysis of its customers' bills along with its application for rate adjustment and that the Commission authorize the filing of a revenue analysis, without

customer billing units, as provided for in 807 KAR 5:001, Section 10(1)(e).

As grounds for this motion, AT&T states that it cannot readily provide an analysis of its customers' bills because said bills are dependent upon minutes of usage. AT&T also states that a revenue analysis will provide the Commission with the information necessary to evaluate the proposed adjustment of rates.

The Commission, having considered the motions and being advised, HEREBY ORDERS that the motions proposed by AT&T and enumerated herein as motions (1) and (2) be and they hereby are granted.

Done at Frankfort, Kentucky, this 9th day of April, 1987.
