

2. If the answer to question 1 above is yes, how long have you owned the property?

3. If the answer to question 1 above is yes, describe any additions, replacements or modifications made to your home, appliances, heating and cooling systems or any other modifications to your property that could have increased or decreased electric usage during the time that you have been the owners of the property.

4. Refer to the Complainants' Complaint filed January 2, 2013. At the third page is a letter dated December 27, 2012, and indicated as being "Additional statement to complaint." A chart is presented on the fourth page that shows average monthly electric usage, average over-charges per year, and principal plus interest per year through 12/31/12.

a. Provide the calculations and supporting documentation showing how the amounts reported for the average monthly electric usage were determined.

b. Provide the calculations and supporting documentation showing how the amounts reported for the average over-charge per year were determined.
