ORDER

On February 28, 2013, Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU") (collectively "Joint Applicants") filed a joint application for the review and approval of a two-year demand side management ("DSM") program related to school energy management and a proposed tariff for the recovery of the costs associated with the proposed two-year DSM program with an effective date of April 1, 2013.

Having reviewed the application, we find that an investigation is necessary to determine the reasonableness of Joint Applicants' proposed DSM program and its proposed rates and that the investigation cannot be completed by April 1, 2013. Therefore, pursuant to KRS 278.190(2), the Commission will suspend the effective date of the proposed rates for five months, from April 1, 2013 up to and including August 31, 2013. Joint applicants have requested that the Commission issue a final Order in this proceeding by May 31, 2013, and the Commission will use its best efforts to expedite its review of the DSM program and proposed tariff.

IT IS HEREBY ORDERED that:

1. Joint Applicants' proposed rates are suspended for five months, up to and including August 31, 2013.
2. The procedural schedule set forth in the Appendix shall be followed.
3.
  - a. Responses to requests for information shall be filed in accordance with the electronic filing procedures set out in 807 KAR 5:001, Section 8, and shall be appropriately indexed and bookmarked and shall include the name of the witness responsible for responding to the questions related to the information provided, with copies to all parties of record in accordance with the electronic filing procedures set out in 807 KAR 5:001, Section 8, and a paper copy to the Commission.
  - b. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.
  - c. Any party shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect.
  - d. For any request to which a party fails or refuses to furnish all or part of the requested information, that party shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

4. All parties shall respond to any interrogatories and requests for production of documents that Commission Staff submits in accordance with the procedural schedule set forth in the Appendix.

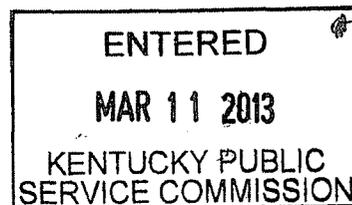

5. Any party filing testimony shall file in accordance with the electronic filing procedures set out in 807 KAR 5:001, Section 8, with one paper copy to the Commission.

6. At any public hearing in this matter, neither opening statements nor summarization of direct testimonies shall be permitted.

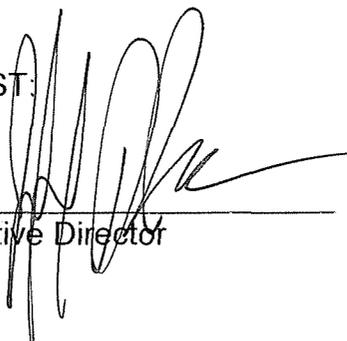

7. The Commission does not look favorably upon motions for continuance. Consequently, motions for extensions of time with respect to the schedule herein shall be made in writing and will be granted only upon a showing of good cause.

8. Nothing contained herein shall prevent the Commission from entering further Orders in this matter.
