ORDER

On April 5, 2013, Kentucky Power Company ("Kentucky Power") filed an application, seeking, among other things, approval of revised tariffs to recover costs associated with its demand-side management ("DSM") programs, including net lost revenues and program-related incentives. Kentucky Power proposes that the revised DSM tariffs become effective May 30, 2013. Based upon our initial review of Kentucky Power's proposed tariffs, the Commission finds that additional inquiry is necessary to determine the tariffs' reasonableness. Therefore, pursuant to KRS 278.190(2), the Commission will suspend the effective date of the proposed rates for five months.

IT IS THEREFORE ORDERED that:

1. Kentucky Power's proposed DSM tariffs are suspended for five months from its proposed effective date of May 30, 2013, up to and including October 29, 2013.
2. Kentucky Power's existing DSM programs and tariff shall remain in effect pending the Commission's final Order in this proceeding.

3. The procedural schedule set forth in the Appendix, which is attached hereto and incorporated herein, shall be followed.

4. a. Responses to requests for information shall be appropriately bound, tabbed and indexed and shall include the name of the witness responsible for responding to questions related to the information provided, with copies to all parties of record and 10 copies to the Commission. Any request for information by letter from the Commission Staff shall be responded to as if set forth in a Commission Order.

b. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or an association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

c. A party shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect.

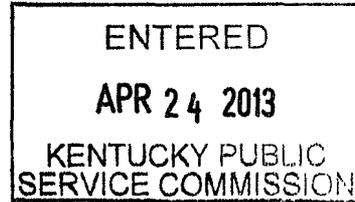

d. For any request to which a party fails or refuses to furnish all or part of the requested information, that party shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

5. Any objections or motions relating to discovery or procedural dates shall be filed upon four business days' notice, or the filing party shall explain, in writing, why such notice was not possible.

6. Motions for extensions of time with respect to the schedule herein shall be made in writing and will be granted only upon a showing of good cause.

7. Nothing contained herein shall prevent the Commission from entering further Orders in this matter.
