COMMISSION STAFF'S SUPPLEMENTAL REQUEST FOR INFORMATION
TO LOUISVILLE GAS AND ELECTRIC COMPANY

Louisville Gas and Electric Company ("LG&E"), pursuant to 807 KAR 5:001, is to file with the Commission an original, one paper copy, and one electronic copy of the following information, with a copy to all parties of record. The information requested herein is due within seven days of the date of this request. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

LG&E shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though

correct when made, is now incorrect in any material respect. For any request to which LG&E fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond. Careful attention shall be given to copied material to ensure that it is legible.

1. Refer to LG&E's Form B, Page 4, Sheet 1 of 1, the Analysis of Other Fuel Purchases, filed monthly during the period under review in support of LG&E's fuel adjustment clause calculation. The Form B indicates that the average price per MCF paid for natural gas purchases for each month of the review period was as follows:

	Month	Delivered Cost	MCF	\$ per MCF
	Nov-12	921,357.64	135,673	6.79
	Dec-12	2,084,044.90	270,791	7.70
	Jan-13	1,529,745.64	124,223	12.31
	Feb-13	1,432,240.94	93,824	15.27
	Mar-13	2,386,551.63	491,525	4.86
	Apr-13	1,934,773.01	217,896	8.88

Explain why the prices per MCF of natural gas purchases for the months of January and February 2013 were significantly higher than the prices for the other months of the review period.
