FRANCHISE TO SERVE THE CITY OF UNION,)

ORDER

On August 27, 2013, Duke Energy Kentucky, Inc. ("Duke Energy") filed its application with the Commission seeking a Certificate of Public Convenience and Necessity to qualify it to bid on a franchise for electricity and natural gas offered by the city of Union, Kentucky. Under the provisions of KRS 278.020(4), no utility may apply for a franchise from any governmental agency until it has obtained a Certificate of Public Convenience and Necessity from this Commission based on our finding that there is a need and demand for the service sought to be rendered.

In light of the city of Union's ordinance creating an electricity and natural gas distribution franchise, the Commission determines that there is evidence of a need and demand for electricity and natural gas in the above-mentioned city. Since the Commission's authority in such matters is limited by statute to finding only whether there is a need and demand for the service sought to be rendered, no finding or determination is made as to the qualifications of the bidder, the validity of any of the provisions of the franchises offered by said city, or the manner in which any franchise fee is to be treated for rate purposes.

IT IS THEREFORE ORDERED that:

1. Duke Energy is granted a Certificate of Public Convenience and Necessity that authorizes it to bid on a franchise for electricity and natural gas offered by the city of Union, Kentucky.

2. If Duke Energy is not the successful bidder, Duke Energy shall, within ten days of the award of the franchise at issue, file with the Commission a written notice stating that Duke Energy was not the successful bidder.

3. If Duke Energy is the successful bidder, Duke Energy shall, within ten days of the award of the franchise at issue, file with the Commission a copy of the executed franchise agreement.

4. Any documents filed pursuant to ordering paragraphs 2 or 3 of this Order shall reference the number of this case and shall be electronically submitted via the Commission's electronic Tariff Filing System.

5. This Order shall not be construed as granting a Certificate of Public Convenience and Necessity to construct utility facilities in said city.
